APPEAL BEING MADE TO: Board of Supervisors Planning Commission

ACTION BEING APPEALED (Please specify the action being appealed, i.e., approval of an application, denial of an application, conditions of approval, etc., and specific reasons for appeal. If appealing conditions of approval, please attach copy of conditions and specify appeal.)

We are appealing the February 25, 2016 Planning Commission's approval of the
DR14-0005-S/BLA14-0055/Dollar General Georgetown project and approval of the 5 items requested as
part of the project: We are appealing based on the grounds that the project approval violates California
Environmental Quality Act (CEQA), the applicable general plans and zoning laws, and that the comments
submitted to the Planning Commission contained accurate statements of significant legal violations
that were not addressed by the Planning Commission at the hearing. Commissioner Brian Shinault, a
licensed Architect, admitted to helping the applicant with their project. He did not recuse himself from the
decision, which appears to be a conflict of interest.
