Geography	Countywide	Countywide	Countywide	Countywide	Countywide	Statewide	Countywide
		Census Tract Level Other (please specify): Supervisory Districts	Community Description	Zipcode Level	Zipcode Level		Zipcode Level
Goal of the Assessment	<b>Prioritize and plan</b> scope of work for the following 5 years	For use in developing <b>five year strategic plan</b> .	To justify that the Head Start <b>services are provided in areas of need</b> and to identify community resources that will benefit children and families in the program.	Determine <b>unmet child care need</b> by age, zip code and type of care	To help counties <b>plan, analyze and conduct continuous</b> quality improvement to support systems changes that promote positive outcomes for children and families involved in the child welfare services system.	To <b>determine action priorities</b> to be addressed during FY that follow the Needs Assessment 2) To identify the most important and potentially effective changes CCS can make to improve services for CCS-eligible children.	The CHA is a compilation of new and existing quantitative and qualitative data sources that are woven together to provide a <b>comprehensive picture</b> of the health of El Dorado County residents.
