If there is insufficient funding, the State shall have the option to either: 1) terminate this Grant Agreement; whereby, no party shall have any further obligations or liabilities under this Grant Agreement, or 2) negotiate a Grant Agreement Amendment to reduce the grant award and scope of work to be provided under this Grant Agreement.

Any modification or alteration of this Grant Agreement, as set forth in the Grant Application submitted by the Grantee and on file with the State, must be submitted in writing thirty (30) calendar days in advance to the State for approval.

## **Schedule A**

### **El Dorado County Sheriff's Office**

**All grant awards, including any adjustments to requested funding, were made by the Cannabis Grants Unit based on the merits of the Grant Application, scale of operation, and in accordance with the Request for Application (RFA) requirements and associated regulations. As a result, not all Project activities and items detailed in Schedule A are applicable. Refer to Schedule B - Detailed Budget Estimate for approved Budget line items and Project activities. Project activities and items that are not clearly identified/specified in the Grant Agreement must be submitted to and approved by CGU prior to purchase.**

#### **Project Description**

We would like to continue our DUI enforcement patrol teams. This will consist of 4 deputies who work 10 hours shifts, 3 times a month in areas where we get the most reports of DUI's. The deputies will actively respond to reported DUI's from our Central Dispatch as well as actively patrol for unreported DUI drivers. The deputies will be in fully marked vehicles and dressed in standard uniforms. They will be equipped with either a PAS or EPAS device, as well as the necessary documentation or guides to conduct a comprehensive DUI investigation from start to finish. Additionally, we will have one Dispatcher on for up to 10 hours OT shift during each saturation patrol due to the added call volume, radio traffic, and information needed to be relayed. We currently have 2 Intoximeters and would like to purchase 2 more to use on saturation patrols and better equip our saturation patrol deputies.

#### **Problem Statement & Proposed Solution**

El Dorado County's economy is deeply rooted in recreation and tourism, which contributes to a significant volume of alcohol-related crime. In 2024, approximately 655 reports of suspected DUI drivers were recorded by EDSO dispatch (based on RIMS data). Additionally, the Sheriff's Office responded to 731 alcohol-related calls not reported initially as DUI and conducted an average of 21 traffic stops per day.

By increasing deputy training and awareness in DUI enforcement through this grant, we are able to identify and arrest more DUI drivers during our saturation patrols. Alcohol consumption is widespread across El Dorado County, taking place at vacation rentals in lake Tahoe, numerous campgrounds in recreational areas, Red Hawk Casino, weekly events at the county fairgrounds, the wineries in the foothills, and at over 50 bars and 100 restaurants. Consequently, DUI related crimes are frequently reported.

While patrol deputies often encounter DUI drivers, their primary focus remains on handling general patrol duties. Currently we do not have a permanent dedicated DUI team, however we do have the DUI 24/25 grant that we use for saturation patrols on the weekend for deputies to sign up for. These deputies are trained specifically for DUI enforcement and are better equipped to conduct saturation patrol and DUI calls. This specialization would allow them to operate without being diverted by other patrol-related incidents, significantly improving DUI enforcement efforts.

Moreover, we propose to continue funding for a dedicated dispatcher to support DUI saturation patrols. These patrols have placed an added burden on our dispatch unit, which lacks the staffing to handle the increased call volume, radio traffic, and necessary information relay. Continued funding an overtime position for a dedication dispatcher would provide crucial support for the expected 36 saturation patrols, ensuring efficient operations and effective communication.

#### **Performance Measures/Scope of Work**

This data will be compiled and evaluate each quarter. At the end of each DUI saturation patrol, each deputy would turn in a document that provides the following information:

- Number of saturation patrols
- Number of traffic stops completed
- Number of DUI/DUID arrests
- Number and type of all other arrests
- Number and type of warnings

## **Schedule A**

The goal is to complete 36 saturation patrols and reduce DUI/D arrests in the community by 20% by the end of the grant period. The stats will be pulled on a quarterly basis. We will compare each consecutive quarter with the previous one to determine our trends and eventually meet our overall goal of reducing DUI arrests by 20% from 9 DUI/DUID to 7 DUI/DUID:

- Q1 goal - 9 saturation patrols, 120 traffic stops, 9 DUI/DUID arrests
- Q2 goal - 9 saturation patrols, 120 traffic stops, 8 DUI/DUID arrests
- Q3 goal - 9 saturation patrols, 120 traffic stops, 8 DUI/DUID arrests
- Q4 goal - 9 saturation patrols, 120 traffic stops, 7 DUI/DUID arrests

2 Intoximeters to enable our saturation patrols to be more equipped simultaneously. The use of 2 more intoximeters coupled with the saturation patrols stated above, will help us reach our qualitative goal of reductions in DUI/DUID arrests by 20% for the grant period. Timeline:

- Q1 goal - Purchase
- Q2 goal - Receive
- Q2-Q4 goals - Use to complete alcohol impairment testing on saturation patrols.

### **Project Performance Evaluation**

The number of investigated DUI/DUID's will be compared to the corresponding time period last year (the goal is for this to decrease). The numbers will be pulled from our internal system and discussed with grant staff. Participation and signups for the grant duties will be offered to all EDSO patrol deputies through patrol briefings and departmental emails. Outstanding deputy performance in the program will also be recognized and communicated during these briefings and emails to boost morale, encourage participation, and improve program outcomes.

### **Program Sustainability**

The intention of this program is to create a stronger and unified interest in patrol proactively conducting DUI investigations by providing additional shift where deputies can focus on finding and investigating DUI/DUID's. As more deputies participate in the DUI saturation patrols, we hope it gradually becomes part of our service culture and these patrols would continue to be a primary focus even without additional state funding. A grant of approximately \$164,540 would be enough to continue to sustain these patrols for one more year. The program would be evaluated as a whole after one year and a request would be made to continue the saturation patrols with normal general fund if grant funds are no longer available. We would provide DUI statistical data of the previous successful saturation patrols being cited as the reason for continuation.

We are hoping with our deputies having experience of 2 years of saturation patrol investigations and arrests will result in a drop in these types of crimes, thereby creating less of a need for DUI enforcement/grant money for the following years.

### **Administrative Support**

The program is overseen by our operations unit with an assigned deputy as the program day-to-day supervisor. Administrative assistance by the patrol or admin sergeants are needed for posting the DUI saturation patrol openings, which would be done only as overtime. Four patrol vehicles are allocated for DUI saturation patrols. The one assigned deputy would keep the PAS/EPAS calibrated and operational. It would be up to the individual deputies to come prepared with all their normal patrol gear and uniforms.

## **Schedule B-1 Budget Narrative**

### **El Dorado County Sheriff's Office**

Prior to engaging in grant-funded Saturation Patrols, DUI Checkpoints, or other enforcement activities in areas where the grantee does not have primary traffic jurisdiction, the grantee should consult with the agency having primary traffic jurisdiction.

#### **Other Direct Costs**

##### **Intoximeters**

\$1,842.53

Purchase of 2 Intoximeters Alco Sensor IV Breathalyzers for use on DUI saturation patrols. Cost of 1 is \$855; 2 x 855 = \$1710 x 1.0775 tax = \$1842.53

#### **Personnel**

##### **DUI Saturation Patrol**

\$162,698.40

36 DUI Saturation Patrols = \$142,690 for 4 deputies at \$99.09 OT on 10 hours shifts, 3 times a month for 12 months ( 4dep x 10 hours x 3 patrols x 12 months = 1440 hours x \$99.09 = \$142,689.60

36 DUI Saturation = \$20,008 for 1 dispatcher at \$55.58 OT on 10 hours shifts, 3 times a month for 12 months ( 1 disp x 10 hours x 3 patrols x 12 months = 360 hours x \$55.58 = \$20,008.80

\*Personnel Costs do not contain benefits like Medicare, but they do contain incentive pays like longevity, POST, education, detective, FTO, etc.) The OT rate is average since each deputy has different incentives added to their base pay rate.
