Dear Supervisors. Our cabin is within a USFS Tract (Lower Emerald Bay Tract) and is not accessible by vehicles that would collect solid waste. There is no paved road to our cabin and there is only a very narrow partially paved driveway to other cabins within our tract. My request is that you consider exempting USFS tracts from the ordinance. We do not have a municipal water supply so we may be exempt from the ordinance because of Section 8.42.255 but that section makes it unclear that it would apply because the cabins are periodically occupied. Thank you for your consideration. Michael Selna
