ITEM NO.	LOCATION-PAGE OR DRAWING NO.	INQUIRY/RESPONSE
2.01	N-2, SP-6	<p>Notice to Bidders and Section 2-1.05 “Required Listing of Proposed Subcontractors”</p> <p>Please replace “Required Listing of Proposed Subcontractors” Section in the Notice to Bidders and the first paragraph under 2-1.054 in Section 2-1.05 with the following:</p> <p><i>Each Proposal shall have listed therein the name, contractor's license number, and address of each subcontractor to whom the bidder proposes to subcontract portions of the work in an amount in excess of 0.5 % of the total bid or \$10,000, whichever is greater, in accordance with the Subletting and Subcontracting Fair Practices Act, commencing with Section 4100 of the Public Contract Code. The Bidder shall also describe in the Subcontractor Listing the work to be performed by each subcontractor listed. The work to be performed by the subcontractor shall be shown by listing the bid item number, bid item description, and portion of the work to be performed by the subcontractor in the form of a percentage calculated by dividing the work to be performed by the subcontractor by the respective bid item amount(s) (not by the total bid price). The percentage of each bid item subcontracted may be submitted with the Bidder's bid or sent via email or fax to Janel Gifford, El Dorado County Department of Transportation, email-Janel.Gifford@edcgov.us, Fax-(530) 295-2655 by 4:00 p.m. on the first business day after the bid opening. The email or fax shall contain the</i></p>

		<p><i>name of each subcontractor submitted with the Bidder's bid along with the percentage of each bid item subcontracted, as described above. At the time the contract is awarded, all listed subcontractors shall be properly licensed to perform their designated portion of the work. The bidder's attention is directed to other provisions of the Act related to the imposition of penalties for failure to observe its provisions by using unauthorized subcontractors or by making unauthorized substitutions.</i></p>
2.02	P-3, C-11, and SP-45	<p>Question: How was the quantity of 102 SWD determined for the PCMS? We calculated 74-80 SWD.</p> <p>Answer: The SWD quantity is based on a thirty (30) working day contract, the use of the PCMSs on weekends during the contract, and the requirement that each sign be in operation seven (7) days prior to the start of the project. Revise the first sentence under CONSTRUCTION in Section 10-1.09 Portable Changeable Message Signs, to read as follows: <i>The Contractor will be required to place and operate the portable changeable message signs at the construction site for seven (7) days prior to the start of the project.</i></p>
2.03	SP-46	<p>Question: Section 10-1.11 "Replace Asphalt Concrete Surfacing" states "Before removing asphalt concrete, outline the replacement area and grind three inches (3") of the existing asphalt concrete." Does this mean the Contractor will be responsible for marking the areas to be replaced?</p> <p>Answer: The areas for replacement have been marked in the field by the Engineer per Attachment C of the Contract Documents. Before any replacement work begins, the Contractor and the Engineer will meet on site to review the areas marked in the field.</p>
2.04	SP-46 through SP-48	<p>Question: Is it correct that the grindings from the "Replace Asphalt Concrete Surfacing" work shall be disposed of outside the Highway right of way, but the grindings from "Cold Plane Asphalt Concrete Pavement" are to be hauled and stockpiled at DOT's Headington Road yard?</p> <p>Answer: All grindings shall be hauled to and stockpiled at DOT's Headington Road yard. Replace the first sentence at the top of page SP-47 under Section 10-1.11 "Replace Asphalt Concrete Surfacing" with the following: <i>Haul and stockpile removed material to the DOT maintenance yard at 2441 Headington Rd, Placerville. Coordination for disposal at the DOT maintenance yard must be made with Don Spear at (530) 641-4908.</i></p>

2.05	SP-52	<p>Question: How will the Shoulder Backing be quantified for payment since the width varies and the unit of measure is in CY?</p> <p>Answer: The payment clause for Section 10-1.14 “Shoulder Backing” is revised to read as follows: <i>The final pay contract price paid per cubic yard for Shoulder Backing shall include full compensation for furnishing all labor, materials, tools, equipment, and incidentals, and for doing all the work involved in constructing shoulder backing, complete in place, including furnishing, placing, maintaining, and removing portable delineators, W8-9 (LOW SHOULDER) signs, and temporary supports or barricades for the signs, as shown on the plans, as specified in the Standard Specifications and these special provisions, and as directed by the Engineer.</i></p>
2.06	AP-38 and AP-39	<p>Question: Is Section 39-1.12 of the Amendments to the Standard Specifications applicable to this project? Will the finished overlay be profilographed?</p> <p>Answer: Only the straightedge specifications of section 39-1.12 apply to this project. The Contractor must meet the straightedge test criteria after overlaying those areas of the existing pavement that currently meet the straightedge test criteria and after overlaying the areas to be cold planed. The County understands that portions of the existing road do not currently meet the straightedge test criteria and will not meet these criteria after the overlay is placed. The Contractor shall identify and notify the Engineer of those areas that do not and will not meet the straightedge test criteria.</p>
2.07	Agreement Exhibit A page C-11	<p>EXHIBIT A, CONTRACTOR’S BID AND BID PRICE SCHEDULE</p> <p>Replace Exhibit A, Contractor’s Bid and Bid Price Schedule included in the Agreement section of the Contract Documents with Attachment B of this addendum.</p>
2.08	Proposal page P-3	<p>PROPOSAL PAY ITEMS AND BID PRICE SCHEDULE</p> <p>Replace Proposal Pay Items and Bid Price Schedule included in the Proposal section of the Contract Documents with Attachment C of this addendum.</p>
2.09	P-4	<p>Subcontractor Listing Form</p> <p>Please replace the instructions at the top of the form with the following: <i>The Bidder shall list the name, address, and license number of each</i></p>

		<i>subcontractor to whom the Bidder proposes to subcontract portions of the work, as required by the provisions in “Required Listing of Proposed Subcontractors” of the Special Provisions. The Bidder shall also list the work portion to be performed by each subcontractor by listing the bid item number, bid item description, and portion of the work to be performed by the subcontractor in the form of a percentage calculated by dividing the work to be performed by the subcontractor by the respective bid item amount(s) (not by the total bid price).</i>

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests

for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
