WITNESSETH

WHEREAS, County desires to modify the compensation language of that Agreement supporting the provision of alcohol and other drug treatment services described in that Agreement; and

~~* At the County's discretion additional Drug Medi-Cal funds may be paid to Contractor as reimbursement for allowable Drug Medi-Cal services if Contractor maximum funding amount has been exhausted but there are still Drug Medi-Cal funds remaining in the total El Dorado County Drug Medi-Cal allocation which are sufficient to cover the services rendered.~~

~~Drug Medi-Cal is an entitlement program. This type of program allows the County to provide necessary Drug Medi-Cal services in excess of the original contracted Drug Medi-Cal funding allocated in the State Funding Agreement. Therefore, the Maximum Drug Medi-Cal Obligation of this Agreement may exceed the total amount stated herein. County must first expend all Drug Medi-Cal funds allocated to the County for the fiscal year in question. This may require the County to reallocate funds between contracted Drug Medi-Cal service providers. Once County's allocated Drug Medi-Cal funds are fully expended, if additional allowable Drug Medi-Cal services are provided by any subcontractors (service providers) in excess of their total contracted amounts, a request is submitted to the State for the additional funding. Should the State approve the additional funding, an Amendment to the State Agreement will result, which the County will process and execute. The Public Health Department will then submit a request to the Board of Supervisors for payment of invoices related to Drug Medi-Cal services provided in excess of the amounts stated in the Contractors' contracts with County. This procedure normally takes place after the Contractors' annual Agreements for Services have expired and cannot be amended.~~

Regular Drug Medi-cal services rendered will be paid at approximately 50% for the State portion and 50% for the federal match portion. If services rendered fall under the category of Minor Consent, then reimbursement will be 100% SGF Drug Medi-Cal funding. In any event, payment will be made up to the total combined Drug Medi-Cal Obligation.

~~Drug Medi-Cal is an entitlement program. This type of program allows the County to provide necessary Drug Medi-Cal services in excess of the original contracted Drug Medi-Cal funding allocated in the State of California, Department of Alcohol & Drug Program Funding Agreement.~~

The parties do hereby agree that all other provisions of the Agreement are to remain in full force and effect and that this amended Agreement remains subject to early termination by County as set forth in the original document.
