I would like to see this project be approved.(DR20-0009). I've visited other Bean Barns that Angela runs and they are great businesses. She employs local people and has a very slight impact.

We need this drive up service here in Cameron Park.

Thank You

Good Morning,

We are residents of Cameron Woods and drive through the intersection of Mira Loma Dr. and Cameron Park Dr. on a daily basis. This intersection can be very difficult to traverse particularly during "going to work and returning home times". Having been small business owners and current coffee lovers, we are certainly not adverse to this type of business. However, this is certainly not a good location due to the current traffic situation.

Please consider the traffic safety impacts in your decision to allow or not allow this business venture.

Sincerely,

Ken and LaNell Thompson

To Whom It May Concern;

Bean Barn is a valued small business in the Placerville area. I have many friends to frequent thier establishment almost daily. I believe that our county should be supporting and encouraging small businesses. I was sad to hear that the BOS denied this business's attempt at expansion. Please support Bean Barn's expansion into Cameron Park.

Thank you,
Katherine Hebertson
