Subject: Letter of resignation

Please know that I regretfully resign my position on the CAPC. I no longer work at EDCOE and have changed my journey. Thank you to all the members who work tirelessly for the Council and believe in the CAPC mission. I will miss the meetings and camaraderie of the group. I wish only the best for you, Elizabeth. Your leadership is phenomenal.

With love, respect, and appreciation,
Gail

Each of us, whether we have anything to do with children or not, is directly affected by how they are treated.

How far that little candle throws its beams! So shines a good deed in a naughty world.
