The CAL-Card is a payment mechanism, not a procurement approach and, therefore, does not relieve departments from adhering to all procurement laws, regulations, policies, procedures, and best practices, including those discussed in the State Contracting Manual (SCM) Volume 1 and Volume 2. This includes but is not limited to the application of all sales and use tax laws, rules and policies as applicable to the purchase.

C. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Supplier will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the supplier on behalf of the State.

**40. CAL-CARD INVOICING**

All CAL-Card invoices are to be processed separately from other payment methods and include the elements identified in Article 38, Invoicing. CAL-Card invoices shall be submitted to the CAL-Card account holder.
