ARTICLE IV

All of Consultant's services and deliverables must adhere to and be in full compliance with ARTICLE I, Scope of Work, and shall be made available to County for review and approval at the appropriate stages specified in the Agreement or upon request by County's Contract Administrator.

Consultant has full responsibility for the accuracy and completeness of the deliverables, reports, and such other documents that may be required for the tasks or items of work assigned. Assistance, cooperation, and oversight by County or other regulatory agencies will not relieve Consultant of this professional responsibility.

All work must be performed and work products prepared in a format and manner customarily anticipated by County and/or other appropriate agencies.

ARTICLE VII

Security and Confidentiality Requirements: Consultant agrees to comply with the following security and confidentiality requirements and shall ensure the compliance of Consultant's employees, subconsultants, and personnel (collectively referred to as "Consultant") as follows:

- A. When performing services under this Agreement, only Consultant's authorized employees and personnel are allowed on the premises of the County facilities that are the subject of this Agreement ("Subject Facilities").
- B. When performing services under this Agreement, Consultant shall not turn on or use any County electronic devices and shall not read any computer or digital screens, County documents, or written materials located in the Subject Facilities.
- C. Consultant shall not remove any written materials from the Subject Facilities except those placed in the trash by County employees. Consultant shall treat all materials removed from the Subject Facilities for disposal as confidential and shall take reasonable measures to ensure such materials are not accessible to or used by any person for any purpose other than proper disposal.
- D. Consultant shall comply with all additional security procedures applicable to the Subject Facility that are provided to Consultant by County's Contract Administrator or other designated agent for County.

- E. Consultant shall not disclose any information learned during the performance of services under this Agreement to any third party.
- F. Consultant shall be responsible for turning off all lights and locking all doors in all offices when leaving the Subject Facilities. Consultant shall further be responsible for all keys issued to him/her for Subject Facilities and shall return said keys upon termination of this Agreement or upon County's Contract Administrator's request. If the keys are lost or Consultant cannot return the keys for any reason, Consultant shall be responsible for the cost of reproducing or replacing said keys and rekeying locks at the request and in the sole discretion of County.

The provisions of this Agreement relating to Security and Confidentiality shall survive after the expiration or earlier termination of this Agreement.

ARTICLE VIII

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. There shall be no change in subconsultants, which shall be established at the commencement of this Agreement, without prior written approval by County's Contract Administrator.

ARTICLE IX

Consultant to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further understood that this Agreement does not create an exclusive relationship between County and Consultant, and Consultant may perform similar work or services for others. However, Consultant shall not enter into any agreement with any other party, or provide any information in any manner to any other party, that would conflict with Consultant's responsibilities or hinder Consultant's performance of services hereunder, unless County's Contract Administrator, in writing, authorizes that agreement or sharing of information.

ARTICLE X

Confidentiality: Consultant and any subconsultants authorized under this Agreement shall maintain the confidentiality and privileged nature of all records, including billing records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Consultant, and all Consultant's staff, employees, and representatives, including any subconsultants authorized herein, shall not use or disclose, directly or indirectly at any time, any said confidential information, other than to County's Chief Administrative Office Facilities Division for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE XI

Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County. County may, at its sole discretion, through its Contract Administrator, authorize Consultant to utilize subconsultants for services performed in ARTICLE I, Scope of Work, for the particular tasks, work and deliverables pursuant to this Agreement. Said authorization and approval shall be sought and obtained by Consultant prior to subconsultants' commencement of any work under this Agreement. Specific subconsultants shall be authorized pursuant to this Agreement. Consultant shall require each subconsultant, to the extent of the work to be performed by the subconsultant, to be bound to Consultant by the terms of this Agreement and to assume toward Consultant all of the obligations and responsibilities that Consultant, by this Agreement, assumes toward County.

ARTICLE XII

Independent Contractor: The parties intend that an independent contractor relationship will be created by this contract. Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, agents, affiliates, and subcontractors, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Consultant. Those persons will be entirely and exclusively under the direction, supervision, and control of Consultant.

County may designate the tasks to be performed and the results to be accomplished under this Agreement, provide information concerning the work or services, approve or disapprove the final work product and/or services provided, and set deadlines for the completion of the work or services, but County will not control or direct the manner, means, methods, or sequence in which Consultant performs the work or services for accomplishing the results. Consultant understands and agrees that Consultant lacks the authority to bind County or incur any obligations on behalf of County. Consultant shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees and subconsultants. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees, agents, associates, representatives, or subconsultants.

Consultant, including any subcontractor or employees of Consultant, shall not receive, nor be eligible for, any benefits County provides for its employees, including, but not limited to, vacation pay, paid holidays, life insurance, health insurance, social security, disability insurance, pension, or 457 plans. Consultant shall not receive, nor be eligible for, workers' compensation, including medical and indemnity payments. County is not responsible for withholding, and shall not withhold, Federal Income Contribution Act

amounts or taxes of any kind from any payments which it owes Consultant. Consultant shall not be subject to the work schedules or vacation periods that apply to County employees.

Consultant shall be solely responsible for paying its employees, and for withholding Federal Income Contribution Act amounts and other taxes, workers' compensation, unemployment compensation, medical insurance, life insurance, or any other benefit that Consultant provides for its employees.

Consultant acknowledges that it has no authority to bind the County or incur any obligations on behalf of the County with regard to any matter, and shall not make any agreements or representations on the County's behalf.

ARTICLE XIII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XIV

Audit by California State Auditor: Consultant acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code § 8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records, subconsultant records, and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XV

Default, Termination, and Cancellation:

A. Termination by Default: If either party becomes aware of an event of default, that party shall give written notice of said default to the party in default that shall state the following:

1. The alleged default and the applicable Agreement provision.
2. That the party in default has ten (10) days upon receiving the notice to cure the default (Time to Cure).

If the party in default does not cure the default within ten (10) days of the Time to Cure, then such party shall be in default and the party giving notice may terminate the Agreement by issuing a Notice of Termination. The party giving notice may extend the Time to Cure at their discretion. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

If County terminates this Agreement, in whole or in part, for default:

1. County reserves the right to procure the goods or services, or both, similar to those terminated, from other sources and Consultant shall be liable to County for any excess costs for those goods or services. County may deduct from any payment due, or that may thereafter become due to Consultant, the excess costs to procure from an alternate source.
2. County shall pay Consultant the sum due to Consultant under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.
3. County may require Consultant to transfer title and deliver to County any completed work under the Agreement.

The following shall be events of default under this Agreement:

1. Failure by either party to perform in a timely and satisfactory manner any or all of its obligations under this Agreement.
2. A representation or warranty made by Consultant in this Agreement proves to have been false or misleading in any respect.

3. Consultant fails to observe and perform any covenant, condition or agreement on its part to be observed or performed under this Agreement, unless County agrees, in writing, to an extension of the time to perform before that time period expires.
 4. A violation of ARTICLE XXII, Conflict of Interest.
- B. **Bankruptcy:** County may terminate this Agreement immediately in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
 - C. **Ceasing Performance:** County may terminate this Agreement immediately in the event Consultant ceases to operate as a business or otherwise becomes unable to substantially perform any term or condition of this Agreement.
 - D. **Termination or Cancellation without Cause:** County may terminate this Agreement, in whole or in part, for convenience upon thirty (30) calendar days' written Notice of Termination. If such termination is effected, County will pay for satisfactory services rendered before the effective date of termination, as set forth in the Notice of Termination provided to Consultant, and for any other services that County agrees, in writing, to be necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise.

Said notice shall become part of this Agreement upon acknowledgment in writing by County's Contract Administrator, and no further amendment of the Agreement shall be necessary provided that such change of address does not conflict with any other provisions of this Agreement.

ARTICLE XVIII

Indemnity: To the fullest extent permitted by law, Consultant shall defend at its own expense, indemnify, and hold the County harmless, its officers, employees, agents, and volunteers, against and from any and all liability, claims, suits, losses, damages, or expenses of every name, kind and description, including attorney's fees and costs incurred, brought for, or on account of, injuries to or death of any person, including but not limited to workers, County employees, and the public, or damage to property, or any economic or consequential losses, which are claimed to or in any way arise out of or are connected with the acts or omissions of Consultant or its officers, agents, or employees in rendering the services, operations, or performance hereunder, except for liability, claims, suits, losses, damages or expenses arising from the sole negligence or willful acts of the County, its officers and employees, or as expressly prescribed by statute. This duty of Consultant to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

- F. Consultant agrees that the insurance required herein shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Consultant agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of term of the Agreement, or for a period of not less than one (1) year. New certificates of insurance are subject to the approval of Risk Management and Consultant agrees that no work or services shall be performed prior to the giving of such approval. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.
- G. The certificate of insurance must include the following provisions stating that:
 - 1. The insurer will not cancel the insured's coverage without prior written notice to County; and

- K. The insurance companies shall have no recourse against the County of El

Dorado, its officers, and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.

- L. Consultant's obligations shall not be limited by the foregoing insurance requirements and shall survive the expiration of this Agreement.
- M. In the event Consultant cannot provide an occurrence policy, Consultant shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- N. The certificate of insurance shall meet such additional standards as may be determined by the contracting County department, either independently or in consultation with County's Risk Management Division as essential for protection of County.
- O. Consultant shall ensure that all subconsultants authorized pursuant to this Agreement shall maintain workers' compensation, general liability, automobile liability, and professional liability insurance as specified above and shall provide County with proof of same if requested.

ARTICLE XX

Force Majeure: Neither party will be liable for any delay, failure to perform, or omission under this Agreement that is due to any cause that it is beyond its control, not due to its own negligence, and cannot be overcome by the exercise of due diligence. In that event, the affected party will:

1. Promptly give written notice to the other of the fact that it is unable to so perform and the cause(s) that is beyond its control.

County's Contract Administrator shall at the time this Agreement is executed make an initial determination whether or not the individuals who will provide services or perform work pursuant to this Agreement are consultants within the meaning of the Political Reform Act and County's Conflict of Interest Code. Statements of economic interests are public records subject to disclosure under the California Public Records Act.

Consultant covenants that during the term of this Agreement neither it, or any officer or employee of the Consultant, has or shall acquire any interest, directly or indirectly, in any of the following:

Consultant shall review County-provided construction documents in order to become familiar with and be able to comment on the in-place construction systems, life safety, mechanical, electrical, and plumbing systems, and the general built environment. Consultant shall conduct a walk-through survey (non-invasive visual) of the building(s) to observe building systems and components, identify reported physical deficiencies, and formulate recommendations to remedy the physical deficiencies.

- Consultant shall interview the property personnel/representative(s) (i.e., the owner or owner's representative or the individual(s) designated by County) to inquire about the subject property's significant historical repairs and replacements and their costs, level of preventive maintenance exercised, pending repairs and improvements, and frequency of repairs and replacements.
 - Consultant shall interview the property's maintenance providers of the major building systems, such as roofing, Heating, Ventilation and Air-Conditioning (HVAC), and the like, in an attempt to gain greater insight to the historic preventative maintenance, recent capital improvements, and remaining useful life that may not be obtained otherwise. This information will not be used in lieu of subconsultant's site assessment but is anticipated to complement the due diligence performed by the Consultant.
- Consultant shall develop the assessments based on their walk-through survey, interviews with the property personnel, relevant maintenance contractors (if arranged by County), and municipal authorities, and experience gained on similar properties assessed. Consultant may also question others who are knowledgeable of the subject property's physical condition and operation, or knowledgeable of similar systems to gain comparative information to use in the assessment of the property.

- Consultant may review documents and information provided by the property personnel that could assist in identifying the subject property's physical improvements, extent and type of use, and/or help to identify material discrepancies between reported information and observed conditions. The review of documents submitted is not to opine on the accuracy of such documents, adequacy of design, or their preparation methodology or protocol.
- Consultant shall conduct the site assessment and follow-up interviews with the interests of an equity involvement in the property. The specific interests of Consultant shall be to identify capital repairs and deferred maintenance that can substantially impact the Immediate (90 days), Short-term (one-year), and Replacement Reserves (20 years) operation of the property.
- Consultant shall not provide any information on the condition, operation, serviceability, or capability of process, manufacturing, or business specific equipment for facilities that have specific equipment installed.

Preventative Maintenance (PM) Schedule Development

Purpose

PM Schedule development shall be a service offering provided in conjunction with the "Equipment Inventory" (Data Gathering) service or FCA. PM Schedules shall be developed for the equipment inventory collected by Consultant during the on-site assessments. The intent of this service is to identify procedures and inspections required to maintain facilities systems in safe, reliable, and efficient condition.

Value

Consultant's PM schedules shall meet or exceed maintenance requirements for specific original equipment manufacturers.

Deliverables

All PM Schedule Development services shall include the following deliverables:

- Creation of PM Schedules in accordance with manufacturer instructions and industry best practices.
- Maintenance Department staffing recommendations.
- Data spreadsheet/template to facilitate import to EAM/CMMS. Consultant shall provide this data in a specific import format or template as requested by County.

Methodology and Approach

Consultant leverages multiple libraries of PM standards to create PM schedules. These standards are based upon manufacturer specifications, prevailing national codes, and standards such as American Society for Testing and Materials (ASTM), American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE), National Fire Protection Association (NFPA), and Building Owners and Managers Association (BOMA). Procedures related to performing the tasks within the schedule shall include:

- Safety points
- Tools required
- Estimated time to complete maintenance
- Step-by-step procedure to complete maintenance work order

To prepare data for EAM/CMMS import by County, Consultant shall:

- Review PM Task Check-off Lists with County's Contract Administrator.
- Set up baseline PM schedules for the equipment inventory collected.
- Work with County's Contract Administrator to determine PM Schedule assignment. Assignment includes setting up the appropriate technician or contractor who will be performing the related PM tasks into the master import template to ensure balance in work assignments.
- Set up assignments at the location or craft level by default. Anything above and beyond this level of assignment will be managed and maintained by County within their CMMS.
- Work with County's Contract Administrator to determine the start date, frequency and load balancing based upon County staffing. Consultant shall submit all deliverables to County's Contract Administrator in accordance with a mutually agreed upon schedule.

Assumptions

- County will provide timely feedback/review of PM Schedules. A review period that exceeds 30 days will constitute acceptance by County, and trigger final delivery of PM data.
