I support both you and Dyana in your efforts to control the cheap businesses that will degrade the community.

Nancy and Dick McDonnell

PS I also speak for the Iricks, both Sarah and Brent.

Count me in. Our neighbore hood deserves better than this. We have history here in the foothills and whouldn't be covered with Lexan. We need design concppts that blend!

The southeast corner? Isn't that where the car dealership is? It must be near the P.O. shopping/restaurant area then?

For one thing, why do we need a third gas station in a less than couple square mile area?

Sure. I'm with you. We don't need it.

Thanks Steven, sorry I did not get to this email until today..I agree there is no attempt at all to consider any consistency in archetectual standards, no theme...no character...no identity..you would NEVER get away with this in EDHills or Pville, I have lived here for 20yrs and this town always seems to be the bastard child in the middle, just look at the condition of our streets. The County seems to enjoy the tax revenue, but could care less about it's residents. I applaud your attempt to bring this to their attention..we need more folks like yourself that care about the character of this town.

thanks  
ron vreede

Thanks, Dyana. You echo my sentiments in all of this. Let's get some quality that Cameron Park deserves. It's a beautiful place, with wonderful neighborhoods. It really is a "special place to live."

Best regards,

Rich Holmes
