The El Dorado Lake Tahoe Film & Media Office provides production companies with many services. Location filming means jobs and revenues, not just within the film industry, but also in a wide variety of other local businesses, and a widespread economic impact that benefits the community. In an industry of small businesses, not just large studios the El Dorado Film Commission guide for location shoots creates jobs for camera operators, sound and lighting technicians, electricians, caterers, plumbers, carpenters, animal trainers, truck drivers, makeup artists, graphic artists, photographers, hairdressers, set designers, and production assistants. The El Dorado Film Commission works with each production company to provide local referrals and act as a liaison between business, government agencies and individuals.

RELATIONSHIP BUILDING and STRENGTHENING with National, Statewide, and Regional Film Industry agencies and organizations; To enhance our professional reputation, establish and reinforce positive brand recognition and identification for our Film & Media Office, El Dorado County and the City of South Lake Tahoe.

COMMUNITY EDUCATION & OUTREACH

- **Film Industry Mixer** – Networking aspiring media professionals and how the general public can participate in and benefit from on location filming in the region.
- **Library Program** – Providing a copy of films shot on location in El Dorado County to the El Dorado County Library System, though the Cameron Park Library. The library will in turn create a special list of videos and DVD's available for the public to borrow.
- **Business education** – One on one meetings and conversations to answer questions about working with the film industry, business referrals, and seminars
- **Career education** – Speakers who attend school career events and also offer individualized information on working in the entertainment industry
- **Philanthropic Endeavors** - Film items donated to El Dorado County charities for silent auctions

WALK OF FAME

NEEDS STATEMENT

- The El Dorado County Chamber of Commerce Film Commission is continuing an aggressive program for attracting the film/television industry to El Dorado County. Once a project arrives in the County, the El Dorado Lake Tahoe Film & Media Office acts as a liaison between local businesses, government, County residents, land owners and the film/television production companies. Working to facilitate on-location production activity and referrals ensures maximum local participation and economic benefits to our County.

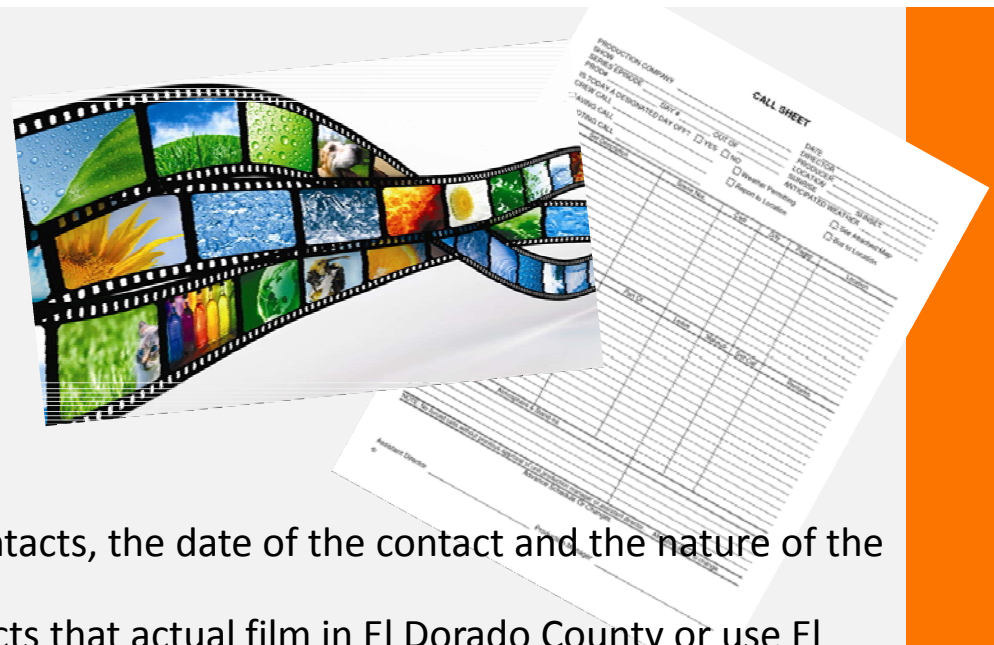

SPECIFIC PROGRAM ACTIVITIES

- Employment Development for jobs in the movie/television industry-related fields
- Permitting with over 75 agencies
- Generate leads and respond to inquiries by providing information and location pictures to film/television companies
- Generate media releases and articles to stimulate local interest and cooperation in providing information on locations, services available and talent/extras available
- Research and development of Social Media strategies

PROGRAM EVALUATION

- Monthly work reports
- Annual staff reviews
- Annual economic impact tracking

Data Tracking

- The film office keeps record of all client contacts, the date of the contact and the nature of the project the clients are working on.
- The film office also keep record of all projects that actual film in El Dorado County or use El Dorado County resources in manner that would create economic impact within the county.

Short Term Benefits

- Each year since the start-up of the Film Office between twenty and thirty projects film on location in El Dorado County annually, with an estimated economic impact between \$1 and \$6 million dollars. We have learned that these projects purchase many things in the county including, groceries, gasoline, clothing, expendables, lodging, building supplies, and location rentals as well as employing crew members and talent for their projects. Therefore we know location filming has increased and become a consistence revenue source in the county, positively effecting both tax dollars and employment.

Long Term Benefits

- In addition to the obvious economic benefits on location filming provides to our community, it will also have a long term impact on our “cultural history”. The films shot on location now will be a public archive of our cultural history. The Film & Media Office also impacts future career opportunities in the industry by providing experiences to local community members to participate in motion picture filming that they would otherwise not have been exposed to; at he same time making them more employable for further endeavors in the industry.
