

**COUNTY OF EL DORADO  
DEPARTMENT OF TRANSPORTATION**

**INTEROFFICE MEMORANDUM**

Date: March 15, 2010  
To: John Knight, Supervisor, District I  
From:  Jim Ware, Director of Transportation  
Subject: **Design Build Process**

Whether or not the County is successful in being included in this Design Build Process:

1. Direct staff to proceed concurrently with all activities necessary to accelerate delivery of the Silva Valley Interchange Project. This direction includes, but is not limited to, completion of the update to the EIR (e.g., Traffic, Air, and Noise studies), right of way, utility coordination, and construction documents.
2. Does the Board wish to discuss if there is any interest in initiating a sub-committee to attend regularly scheduled meetings between staff and the project proponents in order to receive status reports and to provide Board guidance?

cc: Gail Erbe-Hamlin, CAO
