

Developers building five or more dwelling units in the City of San Diego (City) may be eligible for an increase in development density in exchange for setting aside a percentage of the units as affordable housing.

The purpose of the City's Density Bonus regulations is to provide incentives for developments that provide housing for very low-, low- and moderate-income households, as well as senior households, transitional age foster youth, disabled Veterans, or homeless San Diegans.

On March 6, 2018, the San Diego City Council approved changes to the Density Bonus program, as proposed by Mayor Kevin L. Faulconer in his [Housing SD](#) plan. These changes include:

- Offering 10 percent density bonus for developments that do not go beyond the maximum permitted building footprint.
- Allowing developers to be eligible for an incentive or a waiver even if they don't request a density bonus.
- Allowing for 100 percent density bonus for micro-unit production for developments that do not go beyond the permitted building footprint.

Properties that currently contain or within the last five years have contained dwelling units with rent restrictions for low- or very-low-income tenants also may qualify for a density bonus if:

- The property provides affordable units at percentages specified in the City's Municipal Code, or
- All of the units, except manager's units, are affordable to very low- and low-income households.

§143.0717 Required Replacement of Affordable Units

- (a) An *applicant* is ineligible for a *density* bonus or any incentive under this Division if the property on which the *development* is proposed contains, or during the five years preceding the application, contained, rental *dwelling units* that have had the rent restricted by law or covenant to persons and families of *low income*, *very low income*, or *moderate income*, or have been occupied by persons and families of *low income*, *very low income*, or *moderate income*, unless the proposed *development* replaces the affordable *dwelling units*, and either:
 - (1) Provides affordable *dwelling units* at the percentages set forth in Section 143.0720(i) (inclusive of the replacement *dwelling units*), or
 - (2) Provides all of the *dwelling units* as affordable to *low income*, *very low income*, or *moderate income* households, excluding any manager’s unit(s).

- (b) The number and type of required replacement *dwelling units* shall be determined as follows:
 - (1) For a *development* containing any occupied *dwelling units*, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size and *bedrooms*, and must be made affordable to and occupied by persons and families in the same or a lower income category as the occupied *dwelling units*. For unoccupied *dwelling units* in the *development*, the replacement *dwelling units* shall be made affordable to and occupied by persons and families in the same or lower income category as the last household in occupancy. If the income category of the last household is unknown, it is rebuttably presumed that the *dwelling units* were occupied by lower income renter households in the same proportion of lower income renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development’s Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage.

- (2) If all of the *dwelling units* are vacant or have been demolished within the five years preceding the application, the *development* must contain at least the same number of replacement *dwelling units*, of equivalent size and *bedrooms*, as existed at the highpoint of those units in the five year period preceding the application, and must be made affordable to and occupied by persons and families in the same or a lower income category as those in occupancy at that same time. If the income categories are unknown for the highpoint, it is rebuttably presumed that the *dwelling units* were occupied by *very low income*, *low income*, or *moderate income* renter households in the same proportion of *very low income*, *low income*, or *moderate income* renter households to all renter households within the City of San Diego, as determined by the most recently available data from the United States Department of Housing and Urban Development’s Comprehensive Housing Affordability Strategy database, and replacement *dwelling units* shall be provided in that same percentage.
- (3) All replacement *dwelling unit* calculations resulting in fractional units shall be rounded up to the next whole number.
- (4) All rental replacement *dwelling units* shall be affordable for at least 55 years.
- (5) All for-sale replacement *dwelling units* shall be subject to the provisions of Section 143.0720(d)(4)-(8).

- (5) For *development* meeting the criteria for transitional foster youth, disabled veterans, or homeless persons in Section 143.0720(f), the *density* bonus shall be 20 percent of the total pre-*density* bonus *dwelling units*. A *density* bonus for transitional foster youth, disabled veterans, or homeless persons for *very low income* shall be calculated as set forth in Table 143-07A.
- (6) For *development* meeting the criteria for *lower income students*, the *density* bonus and incentives shall be calculated in accordance with Table 143-07B.

- (A) For *development* located outside of a *Sustainable Development Area*, *transit priority area*, or *Mobility Zone 3* as defined in Section 143.1103(a)(3) the *density* bonus shall be 80 percent of the number of pre-*density* bonus *dwelling* units provided for *low income* or *very low income* households. This bonus does not apply to *development* consistent with Section 143.0720(i).
 - (B) For *development* located within a *Sustainable Development Area*, *transit priority area*, or *Mobility Zone 3* as defined in Section 143.1103(a)(3) there shall be no limit on the number of *dwelling units* permitted.
- (8) For *development* meeting the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(c)(5), 143.0720(d)(1), 143.0720(d)(2), 143.0720(d)(3), 143.0720(e), 143.0720(f), 143.0720(g), 143.0720(h), or 143.0720(i), where an *applicant* has not requested an incentive or waiver to exceed the maximum *structure height* or *setbacks* of the base zone, an additional *density* bonus of 10 percent of the pre-*density* bonus *dwelling units* shall be granted, provided that *development* of the additional *density* does not cause the need for an incentive, waiver, or deviation to exceed the maximum *structure height* or *setbacks* of the base zone.
- (9) For micro-*unit development* that provides five or more *dwelling units*; meets the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), 143.0720(d)(3), 143.0720(e), or 143.0720(f); provides an average of no more than 600 square feet per *dwelling unit* with no *dwelling unit* exceeding 800 square feet; with a portion of the *lot* located within a *Sustainable Development Area*; and where the *premises* can be serviced by all required utilities, a *density* bonus of up to 100 percent of the pre-*density* bonus *dwelling units* shall be granted. The post-*density* bonus *dwelling units* shall be micro-units as described above. For *development* meeting the same criteria within the Centre City Planned District Ordinance, the *development* must comply with Section 156.0309(d)(1)(C).
- (10) If the *premises* is located in two or more zones, the number of *dwelling units* permitted in the *development* is the sum of the *dwelling units* permitted in each of the zones. Within the *development*, the permitted number of *dwelling units* may be distributed without regard to the zone boundaries.

- (11) Where the *development* consists of two or more specifically identified parcels, whether contiguous or noncontiguous, the maximum number of *dwelling units* permitted on each parcel is calculated based on the area of that parcel.
 - (12) Where the *development* consists of two or more noncontiguous parcels lying within two or more community planning areas, the *dwelling units* reserved at levels affordable to *very low income*, *low income*, or *moderate income* households shall be distributed among these community planning areas in the same proportion as the total number of *dwelling units* constructed within the *development*.
 - (13) If the applicable *land use plan* map identifies an allowable *density* range in *dwelling units* per acre, the maximum allowable *density* in that range shall be used to calculate the *density* bonus as set forth in Table 143-07A, Table 143-07B or Table 143-07C. If using the *land use plan density*, allowed *density* bonus *dwelling units* shall not be counted towards the maximum allowed *floor area ratio* of the zone; and within the mixed-use base zones the allowed *density* bonus *dwelling units* shall not be counted towards the percentage of the required *primary use* or secondary use, as that term is defined in Section 131.0702.
 - (14) Within the Centre City Planned District, the maximum *floor area ratio* shall be used to calculate the base *density* and *density bonus* as set forth in Table 143-07A, Table 143-07B, or Table 143-07C, and shall comply with Section 156.0309(e)(1).
 - (15) For *development* that meets the criteria in Sections 143.0720(c)(1), 143.0720(c)(2), 143.0720(d)(1), 143.0720(d)(2), 143.0720(d)(3), 143.0720(e), 143.0720(f), 143.0720(g), 143.0720(h), or 143.0720(i), where at least 20 percent of the total *dwelling units* are three *bedrooms* or greater, an additional *density* bonus of 20 percent shall be granted and an additional *density* bonus of 10 percent of the pre-*density* bonus *dwelling units* shall be granted, if the *density* bonus *dwelling units* provided contain at least three *bedrooms*.
- (m) For purposes of this Division, *density* bonus means an increase in *density* in accordance with Section 113.0222(c) beyond the otherwise maximum allowable *density*; or, if elected by the *applicant*, a lesser percentage of *density* or no increase in *density*.

- (n) All *density* calculations resulting in fractional units shall be rounded up to the next whole number.
- (o) A residential or mixed-use *development* consistent with all base zone requirements may receive a 0.5 *floor area ratio* bonus that may be combined with any other bonuses and incentives found within this Division and within Chapter 14, Article 3, Division 10 if any portion of the *development* is located on a *premises* that meets all of the following:
 - (1) Located in a *Sustainable Development Area*; and
 - (2) Located in a commercial base zone that allows for residential or mixed-use *development*; and
 - (3) Has an existing land use in the *premises* that is not developed residential.
- (p) *Very low income, low income, and moderate income* households located in an area identified as a Low Resource or High Segregation and Poverty Resource California Tax Credit Allocation Committee (CTCAC) Opportunity Area when the *development* application is *deemed complete* shall receive priority preference for new covenant-restricted *dwelling units* created under this section.
- (q) The granting of a *density* bonus shall not require the preparation of an additional report or study not otherwise required.

§143.0740 Incentives in Exchange for Affordable Housing Dwelling Units

An *applicant* proposing a *density* bonus shall be entitled to incentives as described in this Division for any *development* for which a written agreement and a deed of trust securing the agreement is entered into by the *applicant* and the President and Chief Executive Officer of the San Diego Housing Commission. The City shall process an incentive requested by an *applicant* as set forth in this section.

- (a) An incentive means any of the following:
 - (1) A deviation to a *development* regulation;
 - (2) Approval of mixed use zoning in conjunction with a residential *development* provided that the commercial, office, or industrial uses:
 - (A) Reduce the cost of the residential *development*; and
 - (B) Are compatible with the proposed residential *development*; and
 - (C) Are compatible with existing or planned *development* in the area where the proposed residential *development* will be located.

- (3) Any other incentive proposed by the *applicant*, other than those identified in Section 143.0740(b), that results in identifiable, actual cost reductions.
- (b) Items not considered incentives by the City of San Diego include, but are not limited, to the following:
- (1) A waiver of a required permit, except as permitted by Sections 132.1202(b) and 132.1402(b);
 - (2) A waiver of fees or dedication requirements;
 - (3) A direct financial incentive;
 - (4) An increase in the maximum permitted *floor area ratio* in *land use plans* that use *floor area ratio* rather than *dwelling units* per acre or per square foot as the mechanism to control density.
- (c) An incentive requested as part of a *development* meeting the requirements of Section 143.0720 shall be processed according to the following:
- (1) Upon an *applicant's* request, *development* that meets the applicable requirements of Section 143.0720 shall be entitled to incentives pursuant to Section 143.0740 unless the City makes a written *finding* of denial based upon substantial evidence, of any of the following:
 - (A) The incentive is not required in order to provide for affordable housing costs, as defined in California Health and Safety Code Sections 50052.5 and 50053;
 - (B) The incentive would have a specific adverse impact upon public health and safety as defined in Government Code section 65589.5 including *environmentally sensitive lands*, or on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the *development* unaffordable to *low income* and *moderate income* households;

- (C) The incentive would be contrary to state or federal law. Requested incentives shall be analyzed in compliance with the California Environmental Quality Act as set forth in Chapter 12, Article 8, and no incentive shall be granted without such compliance; or
- (D) Within the Coastal Overlay Zone, the incentive would be inconsistent with the resource protection standards of the City's Local Coastal Program or the *environmentally sensitive lands* regulations, with the exception of *density*.
- (2) When a *development permit* is otherwise required, the decision to deny a requested incentive shall be made by the decision maker for the *development permit*.
- (3) The granting of an incentive shall not require a *land use plan* amendment, zoning change, study, or other discretionary approval.
- (d) The number of incentives available are identified in Table 143-07A for *very low income* households, Table 143-07B for *low income* households, and Table 143-07C for *moderate income* households consistent with the percentage of pre-*density* bonus units identified in the first column of each table.
- (e) For a *development* providing 100 percent of the pre-*density* bonus *dwelling units* as affordable to *very low income*, *low income*, and *moderate income* households in accordance with Section 143.0720(h); or *development* within a *Sustainable Development Area*, *transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), providing 100 percent of the total pre-*density* and post-*density* bonus *dwelling units* as affordable to *very low income*, *low income*, and *moderate income* households in accordance with Section 143.0720(i), five incentives shall be available. If the *development* is located within a *Sustainable Development Area*, *transit priority area*, or Mobility Zone 3 as defined in Section 143.1103(a)(3), the *applicant* shall also receive a *structure height* increase of up to 3 additional *stories* or 33 feet.
