

**Proclamation of the El Dorado County Board of Supervisors
Recognizing Terri Knowlton, Principal Administrative Analyst,
Chief Administrative Office for 31 years of outstanding public service**

Whereas, Terri Knowlton has been employed by the County of El Dorado since January 20, 1986, during which time she has proven herself to be an outstanding public servant who is dedicated to her work and the citizens of El Dorado County; and

Whereas, Terri worked in many different departments in El Dorado County. She started her service in the Auditor's Office, then worked in General Services, returned to the Auditor's Office, worked in Information Technologies, and ends her County service in the Chief Administrative Office; and

Whereas, Terri's career started as an Extra-Help Clerk position, she was promoted to an Administrative Assistant and as her knowledge grew she quickly promoted to an Administrative Services Officer and finally accepted the position of Principal Administrative Analyst; and

Whereas, Terri was a participant of the FAMIS testing group for our current BPREP (Budget) system in 1993. That team acknowledged that her assistance helped assure that the system was calculating and working correctly. Her knowledge and history with that project was integral in helping her develop our new FENIX system; and

Whereas, in 1993 Terri was awarded the Employee Excellence Award. She was nominated by not only her supervisor but also by her Department Head in General Services; and

Whereas, Terri's ability to organize raw data into easy-to-read reports has made quite a few of her supervisors envious of her talent. Her supervisors describe Terri as professional, a high achiever, fair & impartial, dedicated, having excellent management abilities, trustworthy, and dependable; and

Whereas, Terri's co-workers love to work with her. She knows how to bring the best out in the people she works with and her support and advice to both those she manages and those who supervised her has been invaluable over the years; and

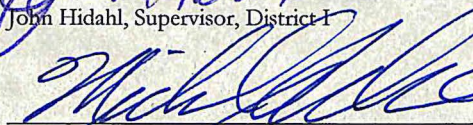

Whereas, Terri has considered retirement for a number of years but there was always another project, system or challenge that could benefit from her experience, and in true Terri fashion, she put off that retirement date in order to help her County Family. She is now ready to start that next chapter with her family and her County Family is going to miss her terribly; and

Whereas, last but not least, if you are having an office potluck you definitely want Terri to be invited. She makes the most devine quiches.

Now, therefore be it proclaimed, that the Board of Supervisors of the County of El Dorado recognizes and commends Terri Knowlton for her many years of outstanding service to the County of El Dorado and her valued contributions and dedication to the citizens of El Dorado County.
