RE: Revisions to INRMP Work Plan

---

Attached are the revisions to the proposed SEA work plan (Exhibit A of the Contract) as directed by the Board of Supervisors on Thursday, December 10, 2009. Also included is the most recent project schedule that shows additional Board hearing dates.

I have provided the revisions in two forms, one showing the edits in strikeout and underlining, the other as the final document. This is intended to facilitate quick identification of where the changes were made. As directed, the extraneous information and background data has been removed. A few other changes were made for grammatical purposes. In addition, a line was added under Subtask 1.a, on Page 3 of the revised work plan to develop the mechanism for communication between ISAC, PAWTAC, staff and the Board.

Please contact me if you have any questions regarding any of the proposed revisions.
