

EL DORADO COUNTY  
DEPARTMENT OF HUMAN SERVICES  
Doug Nowka  
Director

February 8, 2008

To Whom It May Concern:

The El Dorado County Senior Center located at 937 Spring Street in Placerville has been in need of a senior computer lab for several years. Many of our senior citizens have expressed the desire to learn how to use a computer and the internet. The Senior Center is an ideal facility for computer classes due to its centralized location and easy and familiar access for the senior community. The El Dorado County Department of Human Services is very excited about the possibility of the Placerville Rotary helping to make this dream a reality. With their generous donation they will outfit, install and network a 6-station computer lab, including a printer. The Department has identified potential instructors and has a room available to be set up as a dedicated computer lab. The equipment will be secure and used only for the purpose of educating seniors how to use a computer and to enable them to have access to the internet. Any maintenance of the equipment once it is installed will be the responsibility of the County. If you have any questions please feel free to contact me at (530) 642-7272.

Sincerely,

Jan Walker-Conroy  
Assistant Director
