Dear Sam;

Congratulations! The Golden Sierra Workforce investment Board (WIB) is pleased to announce that the El Dorado County Office of Economic Development's request for funding through the WIB's "Vital Assets" layoff aversion, employer retention and business services program has been approved. This approval will allow the El Dorado County Office of Economic Development to receive reimbursement not to exceed \$150,000 for each of two program years to provide services under this contract.

The WIB is very excited about this continued relationship that provides business services to the Placer County region. Please expect Lorna Magnussen to contact you as we begin to finalize the contract for this award.

As you know, communication and coordination will be of the utmost importance as we move forward with multiple business service providers within the region. Because of this, we will be holding a kick-off meeting with all services providers in the near future. The WIB's coordinator for this effort will be Michael Indiveri.

Sincerely,

Jason Buckingham
