Dear Ms. Erbe-Hamlin:

The purpose of this letter is to provide additional fiscal information regarding your Safe and Drug Free School and Communities (SDFSC) Grant. The grant term is October 1, 2007, through December 31, 2012. Your project, titled *Las Decisiones Seguras* or "Safe Choices", has been approved for funding based on the following estimated amounts:

Year One: \$147,288 (includes the additional \$25,000)  
Year Two: \$121,588  
Year Three: \$124,997  
Year Four: \$125,979  
Year Five: \$125,979

The actual amounts of your grant award will be determined once the budget review process has been finalized. The future project year amounts may change if sufficient funds are not made available to the state by the United States Government for the purposes of the grant program. The state has the option to end the grant agreement or to amend the agreement to reflect any reduction in funds.

The estimated amounts are being provided through this letter to assist the counties in their planning process. Your county analyst is working with the SDFSC Project Director to finalize the Year One Budget, Budget Narrative and Project Work Plan.
