FIRST AMENDMENT TO AGREEMENT FOR SERVICES # AGMT 11-53271

THIS FIRST AMENDMENT to that Agreement for Services # AGMT 11-53271 made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and Sycamore Environmental Consultants, Inc., a corporation duly qualified to conduct business in the State of California, whose principal place of business is 6355 Riverside Boulevard, Suite C, Sacramento, California 95831 (hereinafter referred to as "Consultant");

RECITALS

WHEREAS, Consultant has been engaged by County to provide environmental review services for the Newtown Road at South Fork of Weber Creek – Bridge Replacement Project, the Silver Fork Road at South Fork American River – Bridge Replacement Project, and the Hazel Valley Road at EID Canal – Bridge Replacement Project for its Community Development Agency, pursuant to Agreement for Services # AGMT 11-53271, dated May 22, 2012, incorporated herein and made by reference a part hereof (herein after referred to as "Agreement");

WHEREAS, the parties hereto desire to amend the Agreement to modify the Scope of Work to allow for additional items of work to be completed, amending ARTICLE I, Scope of Services, and adding Amended Exhibit A, Amended Scope of Work and Amended Attachment 1, Amended Project Schedule and Deliverables;

WHEREAS, the parties hereto desire to amend the Agreement to increase Consultant's billing rates for the remaining term of the Agreement, amending ARTICLE III, Compensation for Services, and adding Amended Exhibit B, Amended Fee Schedule;

WHEREAS, the parties hereto desire to amend the Agreement to allow for the transfer of funds between the Projects, and to increase the budget for the Newtown Road at South Fork of Weber Creek – Bridge Replacement Project (77122) by \$68,977.08 and reduce the budget for the Hazel Valley Road at EID Canal – Bridge Replacement Project (77125) by the same amount, amending ARTICLE III, Compensation for Services, and adding Amended Exhibit C, Amended Cost Estimate;

WHEREAS, the parties hereto desire to amend the Agreement to update both of County's notice recipients, amending ARTICLE XVII, Notice to Parties;

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and covenants hereinafter contained, County and Consultant mutually agree to amend the terms of the Agreement in this First Amendment to Agreement for Services # AGMT 11-53271 on the following terms and conditions:

- I. Attachment 1, Project Schedule and Deliverables, is replaced in its entirety with Amended Attachment 1, marked "Amended Project Schedule and Deliverables," attached hereto and incorporated herein by reference. All references to Attachment 1 throughout the Agreement are substituted with Amended Attachment 1.
- II. Exhibit A, Scope of Work, is amended to include Amended Exhibit A, marked "Amended Scope of Work," attached hereto and incorporated herein by reference. All references to Exhibit A throughout the Agreement shall read Exhibit A and Amended Exhibit A.
- III. Exhibit C, Cost Estimate, is replaced in its entirety with Amended Exhibit C, marked "Amended Cost Estimate," attached hereto and incorporated herein by reference. All references to Exhibit C throughout the Agreement are substituted with Amended Exhibit C.
- IV. **ARTICLE III, Compensation for Services**, paragraphs two (2), five (5), and ten (10) of the Agreement are amended in their entirety to read as follows:

For the period beginning May 22, 2012, the effective date of the Agreement, and continuing through the day before the effective date of this First Amendment to the Agreement, for the purposes hereof, the billing rates shall be in accordance with Exhibit B.

For the period beginning with the effective date of this First Amendment to the Agreement, and continuing through the remaining term of the Agreement, for the purposes hereof, the billing rates shall be in accordance with Amended Exhibit B, marked "Amended Fee Schedule," attached hereto and incorporated herein by reference. Subconsultant services and other direct costs shall be invoiced at Consultant's cost, without markup, for the services rendered. Any invoices that include subconsultant services and other direct costs shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

For the purposes of budgeting the items of work identified in Exhibit A and Amended Exhibit A, the maximum allowable billing amounts for each item of work are described in Amended Exhibit C. The amounts indicated in Amended Exhibit C represent the composition of the total not-to-exceed budget for the various items of work. In the performance of the scope of services to be provided in accordance with this Agreement, Consultant may request to reallocate the expenses listed in Amended Exhibit C among the three (3) projects, the various items of work, and prime direct costs identified therein (not including subconsultants) subject to County's Contract Administrator's written approval. Consultant may request to reallocate the amounts listed in Amended Exhibit C, for its subconsultants among each individual subconsultant's expenses for the three (3) projects, items of work and subconsultant direct costs, and not among the various subconsultants, subject to County's Contract Administrator's written approval. In no event shall the amount

allocated for Optional Tasks be exceeded, nor shall the total not-to-exceed amount of the Agreement be exceeded.

Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices. Invoices shall be mailed to County at the following address:

Sycamore Environmental Consultants, Inc.

Amended Exhibit A

Amended Scope of Work

In accordance with the Agreement between County and Consultant, Consultant shall complete the additional items of work as detailed below.

AMENDMENT OVERVIEW

In addition to the services described in the Agreement and Exhibit A, Consultant shall complete the items of work detailed below in accordance with all of the terms and conditions, including the reporting and deliverable requirements, of the Agreement. The deliverables for the additional items of work shall be submitted in accordance with Amended Attachment 1, Amended Project Schedule and Deliverables.

Following the publication of County's 2015 Newtown Road Technical Memo, additional design alternatives were presented to respond to input from interested property owners and Native American tribes within the project area. Consideration of the new design alternatives and additional testing required by Caltrans for the cultural resources shall require additional and/or updated studies, fieldwork, and consultation with interested parties for various items of work specific to the Newtown Road at South Fork of Weber Creek – Bridge Replacement Project. Consultant shall update the general surveys, database searches, and literature review for the biological and wetlands items of work due to the time elapsed since the original surveys were completed.

ITEM OF WORK B – AREA OF POTENTIAL EFFECTS MAP

Consultant shall prepare a Revised APE Map based on the additional areas and design alternatives presented in County's 2015 Newtown Road Technical Memo.

Activities:

- Prepare Revised APE Map.
- Submit Revised APE Map to County and Caltrans.

Deliverables:

- Revised APE Map.

ITEM OF WORK C – NATURAL ENVIRONMENT STUDY REPORT

Consultant shall conduct additional fieldwork and prepare updated draft and final versions of the NES Report, including NES Maps and the NES Project Description, to incorporate the results of the fieldwork and additional design alternatives.

Activities:

- Conduct additional fieldwork to address additional areas based on the design alternatives.
- Incorporate results of additional fieldwork into the existing NES Report.
- Update NES Maps.
- Update NES Project description to include the additional design alternatives.

Deliverables:

- Updated Draft NES Report.
- Updated Final NES Report.

ITEM OF WORK D – WETLANDS STUDY

Consultant shall conduct additional fieldwork to address additional areas based on design alternatives and incorporate the results into existing studies. Consultant shall prepare updated draft and final versions of the Wetlands Study, including the Wetlands Study Map and the Wetlands Study Project Description.

Activities:

- Conduct additional fieldwork.
- Incorporate results of additional fieldwork into existing Wetland Study.
- Update Wetland Study Maps.
- Update Wetland Study Project description to include the various design alternatives.

Deliverables:

- Updated Draft Wetlands Study.
- Updated Final Wetlands Study.

ITEM OF WORK G – ARCHAEOLOGICAL SURVEY REPORT

The results of the June 2016 subsurface testing triggered the necessity of additional cultural resource evaluations as required by Caltrans. Consultant shall conduct additional Native American consultation and fieldwork to determine possible outcomes. The level of research and documentation is contingent upon what is discovered during the additional fieldwork. Consultant shall communicate all fieldwork findings with County to determine which outcome is necessary from those listed below. Consultant shall coordinate any changes in deliverables, including possible revisions to the ASR, or schedules with County.

Activities:

- Conduct additional Native American consultation.
- Prepare Draft & Final Extended Phase 1(XPI)/Phase 2 Research Design.
- Complete XPI Fieldwork.
- Perform Erosion Control/Hydroseeding.

Outcome A:

If no additional cultural resources are found during the additional fieldwork, Consultant shall complete the following additional tasks:

- Prepare a Negative Findings Report to be incorporated into the XPI Report.
- Complete an Updated Site Record.
- Prepare a Finding of No Adverse Impact with Standard Conditions assuming, for the purposes of this Project, that the site is eligible for the National Register.

Outcome B:

If cultural resources are found in sufficient density to warrant classification as a deposit during the additional trenching, Consultant shall complete the additional following tasks:

- Conduct Phase 2 research to formally assess the site for eligibility for the National Register.
- Process, catalogue, photograph, and analyze any cultural resources collected.
- Prepare XPI/Phase 2 Report, including National Register evaluation.
- Complete an Updated Site Record.
- Prepare a Finding of No Adverse Impact with Non-Standard Conditions.

Outcome C:

If cultural resources such as hearths, burials, cremations, house pits, and trash pits are found during additional fieldwork, Consultant shall cease all work and shall not proceed to Phase 2 testing. The site, in this case, would be considered eligible for the National Register and would be required to undergo a Data Recovery phase. For the purpose hereof, the Data Recovery phase is not part of this Scope of Work.

- Conduct Phase 2 research to formally assess the site for eligibility for the National Register.
- Process, catalogue, photograph, and analyze any cultural resources collected.
- Prepare XPI/Phase 2 Report, including National Register evaluation.
- Complete an Updated Site Record.
- Prepare a Finding of No Adverse Impact with Non-Standard Conditions.

ITEM OF WORK O – PROJECT MANAGEMENT, MEETINGS, AND COORDINATION

Consultant shall provide additional coordination and meetings as needed with County and Caltrans to address project progress, design alternatives, any project issues that may arise, and any changes to the project schedule and/or deliverables, as applicable.
