

FINDINGS

Special Use Permit S04-0042-R/South Shingle Springs Planning Commission/October 23, 2014

Based on the review and analysis of this project by staff and affected agencies, and supported by discussion in the staff report and evidence in the record, the following findings can be made:

1.0 CEQA FINDINGS

- 1.1 Staff has determined that, pursuant to CEQA Guidelines Section 15061(b)(3), that this action is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. This is a five-year review as required by the conditions of approval for the existing telecommunications tower facility authorized under special use permit. The review of compliance with the conditions of approval for the special use permit, remedial measures to be taken, including modifications to the conditions, ensure compliance of the telecommunications facility with the special use permit and it can be seen with certainty that there is no possibility that these actions in question may have a significant effect on the environment and is therefore not subject to CEQA.
- 1.2 The documents and other materials which constitute the record of proceedings upon which this decision is based are in the custody of the Development Services Department, Planning Services, at 2850 Fairlane Court, Placerville, CA, 95667.

2.0 ADMINISTRATIVE FINDINGS

- 2.1 All conditions of approval have been met and the use of the telecommunications facility is in compliance.
