

## AGREEMENT FOR SALES TAX AUDIT AND INFORMATION SERVICES

This Agreement is made and entered into as of the 17<sup>th</sup> day of SEPTEMBER, 1996 by and between the COUNTY OF EL DORADO, hereinafter called COUNTY, and HINDERLITER, DE LLAMAS AND ASSOCIATES a California Corporation, hereinafter called CONTRACTOR.

### I. RECITALS

WHEREAS, sales tax revenues can be increased through: a system of continuous monitoring, identification and correction of "point of sale" allocation errors and;

WHEREAS, an effective program of sales tax management will improve identification of sales tax opportunities as they relate to economic development and provide for more accurate sales tax forecasting; and

WHEREAS, County desires the combination of data entry, report preparation, and data analysis necessary to effectively manage the municipal sales tax base and recover revenues erroneously allocated to other jurisdictions and allocation pools; and

WHEREAS, Contractor has the programs, equipment and personnel required to deliver the sales tax services referenced herein;

THEREFORE, County and Contractor, for the consideration hereinafter described, mutually agree as follows:

## II. SERVICES

The Contractor shall perform the following services:

### A. Sales tax and economic analysis

1. Contractor shall establish a special data base that identifies the name, address and quarterly allocations of the major sales tax producers within the County for the most current and previous four quarters from the date of this agreement. Major sales tax producers are defined as those businesses meeting a quarterly revenue threshold determined by County. Since 100% of the business outlets registered with the Board of Equalization are tracked monthly, this major producers data base is designed to highlight the activities of major businesses. A second data base covering the same period will be established showing total sales tax receipts for each business category identified by the Board of Equalization. These data bases will be utilized to generate special reports to the County on: major sales tax producers by rank and category, analysis of sales tax activity by category, business district or redevelopment area specified by County, analysis of reporting aberrations, and per capita and outlet comparisons with state wide sales.
2. Contractor shall provide up-dated reports each quarter identifying changes in sales by major outlets and by category; area growth and decline comparisons; and current graphics, tables, and top 100 listings. Quarterly aberrations due to State audits, fund transfers, and receivables along with late or double payments will be identified.

3. Contractor will additionally provide an analysis for the County or its Redevelopment Agency to share with Chambers of Commerce and other economic development interest groups that analyze County's sales tax trends by major groups, and geographic areas without disclosing confidential information.
4. Contractor will provide annual reports for the Administrator and Board of Supervisors identifying historical growth comparisons with state, county, selected County averages and C.P.I. indices; top producer listings and make up and volatility of the economic base. Annual reconciliation worksheets to assist Finance Officers with budget forecasting will also be provided.
5. Contractor shall make available to County Staff the HdL DATA computer program and data base containing sellers permit information for all in-county business outlets registered with the Board of Equalization. In addition, contractor shall process for County the monthly registration and allocation files provided by the Board in magnetic media. Printouts of registration changes and dollars allocated by business name and number will be provided from these files on a monthly basis.

#### **B. Allocation Audit and Recovery**

1. Contractor shall conduct an initial and on-going sales tax audit in order to identify and correct "point-of-sale" distribution errors and thereby generate previously unrealized sales tax income for the County. Common errors that will be monitored and corrected include: transposition errors resulting in misallocations; erroneous consolidation of multiple outlets; misreporting of "point of sale" from the wrong location; delays in reporting new outlets; misidentifying transactions as a "use tax" rather than a "sales tax," and erroneous fund transfers and adjustments.

2. Contractor will initiate contacts with the appropriate sales management and accounting officials in companies that have businesses where a probability of error exists to verify whether current tax receipts accurately reflect the local sales activity. Such contacts will be conducted in a manner to encourage local business retention and expansion.
3. Contractor shall prepare and submit to the Board of Equalization all information necessary to correct any allocation errors that are identified and shall follow-up with the individual businesses and the State Board of Equalization to ensure that all back quarter payments due the County are recovered.
4. If during the course of its audit, Contractor finds businesses located in the County that are properly reporting sales tax but have the potential for modifying their operation to provide an even greater share to the County, Contractor will work with those businesses and the County to encourage such changes.

C. On Going Consultation

Contractor shall work with County and County Redevelopment Staff on questions related to tenant mix alternatives for maximum sales tax returns; advise County business license staff on utilization of reports to enhance business license collection efforts; provide sales tax projections on specific projects for redevelopment negotiation and County budget purposes; and provide sample reports, letters and programs to enhance the sales tax base through improved economic development efforts.

### III. CONFIDENTIALITY

Section 7056 of the State of California Revenue and Taxation code specifically limits the disclosure of confidential taxpayer information contained in the records of the State Board of Equalization. This section specifies the conditions under which a County may authorize persons other than County officers and employees to examine State Sales and Use Tax records.

Further, County agrees that it nor any of its employees, agents, independent contractors or other persons or organizations over which it has control, will disseminate or disclose any of Contractor's Proprietary Information to any person or organization not connected with Contractor, without the express written consent of Contractor. The County also agrees that it will undertake all necessary and appropriate steps to maintain the proprietary nature of Contractor's Proprietary Information.

Said audit fees will apply to state fund transfers received for back quarter reallocations and monies received in the first eight consecutive reporting quarters following completion of the audit by Contractor and confirmation of corrections by the State Board of Equalization. Contractor shall provide County with an itemized quarterly invoice showing all formula calculations and amounts due for audit fees.

County shall adopt a resolution in a form acceptable to the State Board of Equalization and in compliance with Section 7056 of the Revenue and Taxation Code, authorizing Contractor to examine the confidential sales tax records of County. County further agrees to provide any information or assistance that may readily be available such as business license records within the County and to provide Contractor with proper identification for contacting businesses. County further agrees to provide copies of the monthly allocation reports received for the most recent five quarters from the execution of this agreement and to continue to provide copies of future allocation reports on computer readable magnetic media until such time as all audit adjustments have been completed by the State Board of Equalization and percentage reimbursements due the Contractor have been paid.

## VII. TERMINATION

This Agreement may be terminated by either party by giving 30 days written notice to the other of such termination and specifying the effective date thereof. Upon the presentation of such notice, Contractor may continue to work through the date of termination. Upon termination as provided herein, Contractor shall be paid the value of all tax analysis and reporting work performed less payments previously made by County. tax payments after termination of this Agreement as a result of Contractor's work. After County receives said tax payments for such businesses, Contractor shall be paid the audit fees resulting from tax payments made by the business for back quarter reallocations and the first eight consecutive reporting quarters following completion of the audit by Contractor and confirmation of corrections by the State Board of Equalization. Compensation for any audit work previously authorized and satisfactorily performed shall be made at the times provided in the preceding section entitled "Consideration."

All documents, data, surveys and reports prepared by Contractor pursuant to this Agreement shall be considered the property of the County and upon payment for services performed by Contractor, such documents and other identified materials shall be delivered to County by Contractor.
