

RESOLUTION NO. 144-96

OF THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO RESOLUTION ESTABLISHING WASTE MANAGEMENT FEES FOR THE WEST SLOPE OF EL DORADO COUNTY INCLUDING THE UNINCORPORATED AREA AND COUNTY SERVICE AREA #10 FISCAL YEAR 1996-97

WHEREAS, California Government Code, Sections 25210.77e and 25830, provides the County of El Dorado ("County") with the authority to establish a schedule of fees to be imposed on land within the unincorporated area and County Service Area Number 10 (CSA 10), to be used for the acquisition, operation and maintenance of county waste disposal sites and for financing waste collection, processing, reclamation and disposal services and provides for a procedure for the collection thereof; and

WHEREAS, in addition to the foregoing, Chapter 8, Part 2, of Division 30 of the California Public Resources Code ("the California Integrated Waste Management Act of 1989") provides the County with the authority to impose and collect fees sufficient to pay the costs of preparing, adopting, and implementing an integrated waste management plan prepared pursuant to said part, and

WHEREAS, the Board of Supervisors has conducted a public meeting and held a duly noticed public hearing, and received and considered documentation and testimony to allow the Board to determine fees and to classify the land within the West Slope of El Dorado County and CSA 10 based upon the various uses to which the land is put, the volume of waste occurring from the different land uses and other factors reasonably relating the waste disposal fees to the land upon which it is imposed, and considered any and all objections and protests thereto, and

WHEREAS, as a result of the foregoing hearing the Board of Supervisors has determined an appropriate fee amount and an "equivalent dwelling unit" or "EDU" as an appropriate standard of comparison,

Now, therefor, the Board of Supervisors hereby resolves and finds:

1. The average amount of solid waste or hazardous waste generated by a single family dwelling within the West Slope of El Dorado County has been determined by an empirical study and shall be deemed to be one EDU. EDU multipliers for various uses to which land is put within the West Slope of El Dorado County are set forth on Exhibit "A", attached hereto and incorporated herein by reference.
2. The fees to be imposed for the fiscal year 1996-1997, commencing July 1, 1996, shall be as follows:

Resolution No. 144-96

A. Seventeen dollars (\$17.00) solid waste management charge per equivalent dwelling baseline unit on improved parcels, businesses or property interests within that portion of CSA 10 commonly known as the West Slope of El Dorado County (which includes the City of Placerville).

B. Fifteen dollars (\$15.00) liquid waste management charge on improved parcels, businesses or property interests within that portion of CSA 10 commonly known as the West Slope of El Dorado County (which excludes the City of Placerville) that require septage disposal services and which are not otherwise connected to a public sewer system.

C. Three dollars (\$3.00) hazardous waste management charge per equivalent dwelling baseline unit on improved parcels, businesses or property interests within that portion of CSA 10 commonly known as the West Slope of El Dorado County (which includes the City of Placerville).

3. The fees set forth herein shall be collected as provided by law by the El Dorado County Tax Collector as a part of the regular tax billing system, or directly by the County Department of Environmental Management, as appropriate to the particular land involved.

4. For the purposes of imposition of the fee, an improved parcel, business or real property interest shall be any such parcel, business or real property interest which has an assessed value of \$10,000 or more as shown on the latest assessment role.

5. The Board of Supervisors has established by resolution a procedure for review of any waste management fee assessed to any particular improved parcel, business or property interest and may adjust the same as it deems appropriate.
