Supervisors:

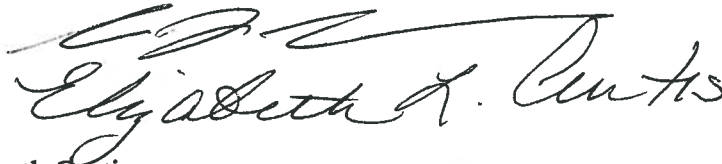

It has come to our attention that the El Dorado County Supervisors has voted to eradicate some of El Dorado County's most valuable history.

By that, we are talking about the delightful Rail Road right of way that has run through the county for almost a hundred and fifty years.

It is totally foolish to even think about removing this piece of history just to satisfy a few young shortsighted bicyclists.

This line can be turned into a world-class destination that will bring much needed tourist dollars to El Dorado County.

Sincerely,

Carl and Elizabeth Curtis
