The Health Services Department Director in his or her discretion, and depending upon funding availability, may increase or decrease the Total Provisional Amount of this Agreement, and may revise the component amounts of the Total Provisional Amount of this Agreement, as detailed in the grant and/or funding obligations above, up to but not to exceed the Total Not to Exceed Amount of this Agreement, by written notice to Contractor. Failure of Contractor to supply requested documentation in support of any monthly invoice may result in denial of payment by County. County shall determine the format and content of monthly invoices and back-up documentation, and may modify the format and/or content at any time by giving thirty (30) days advance notice to Contractor.

Standardized Service Definitions – Exhibit C (amended)

Billing rates for services performed during the month following execution of this Amendment I and all subsequent months during the term of this agreement shall be in accordance with the State-approved Drug Medi-Cal (DMC) rates in effect for the period in which services were performed. This standardized rate provision applies to all substance abuse and other therapeutic counseling and treatment services, as defined in Exhibit C as amended, attached hereto and made

a part hereof, regardless of the type of funding used for such services, as set forth in Article III above. Approved DMC rates may be obtained by Contractor from the California Department of Alcohol and Drug Programs (State ADP) website (currently <http://www.adp.ca.gov/dmc/dmc.shtml>) or by contacting State ADP or County ADP directly. Any changes made by the State to DMC rates, and the effective date of those changes, shall be as defined by the State and automatically become a part herein. Should the State at any time provide notification that it does not have approved DMC rates, Contractor shall continue to use the last approved DMC rates in effect prior to such notification, until the State identifies new approved DMC rates. The effective date of new State-approved rates will be as stipulated by the State.

Contractor shall plan for even expenditure of funds provided by this Agreement throughout the term of the Agreement. That is, one twelfth of the Total Provisional Amount of this Agreement shall be budgeted for the service delivery each month. To the maximum extent possible, Contractor shall deliver services each month that are commensurate with one twelfth of the total dollar amount available to pay for those services. To ensure that services are available continuously throughout the term of this Agreement, County reserves the right to defer payment of any amount included on a monthly invoice that exceeds one twelfth of the Total Provisional Amount of this Agreement. Further, in the event Contractor expends the entire Total Provisional Amount of this Agreement before the end of the term of the Agreement, and County has not previously deferred payment, the County offers no assurance that any additional amounts will be made available.
