PROTOCOLS FOR PUBLIC COMMENT

Public comment will be received at designated periods as called by the Board Chair.

Public comment on items scheduled for Closed Session will be received before the Board recesses to Closed Session.

Except with the consent of the Board, individuals shall be allowed to speak to an item only once.

On December 5, 2017 the Board adopted the following protocol relative to public comment periods:

It is the intent of the Board that quasi-judicial matters have additional flexibility depending upon the nature of the issue.

Individual Board members may ask clarifying questions but will not engage in substantive dialogue with persons providing input to the Board.

If a person providing input to the Board creates a disruption by refusing to follow Board guidelines, the Chair of the Board may take the following actions.

Step 1. Request the person adhere to Board guidelines. If the person refuses, the Chair may ask the Clerk to turn off the speaker's microphone.

 - 4) Adopt Ordinance **5093** for said Rezone; and
 - 5) Continue item for final action to occur with the adoption of the Resolution approving the General Plan Amendments considered by the Board during the "General Plan Window" for Land Use Element items, tentatively scheduled for September 25, 2018. (Supervisorial District 4) (Est. Time: 10 Min.)

Supervisor Ranalli opened the hearing and upon conclusion of the public comment period, closed the hearing.

A motion was made by Supervisor Veerkamp, seconded by Supervisor Ranalli to Approve this matter and Adopt Ordinance 5093. The Board approved staff's request that Finding 1.1 (Attachment C) which states "CEQA does not apply to this project pursuant to Section 15061, "Review for Exemption," which states in subsection (b)(3) that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Since it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the project is covered by the General Rule and therefore the activity is not subject to CEQA." However, a negative declaration was prepared for this project. Finding 1.1 should read that there were no significant impacts to the environment identified in the initial study or through the public review process and a negative declaration has been completed pursuant to CEQA section 15070.
