

Dear El Dorado County Board of Supervisors, <sup>Feb 11, 2012</sup>

I sometimes buy produce from a small local farm. The farmer shared with me a petition to construct and implement a local food ordinance.

I do not know the particulars, yet would like to voice my support for any ordinance that would give us more freedom in our local food choices.

I like making my own choices about what goes in my body.

I believe that pesticides and herbicides that kill small living things quickly, can harm us larger living beings slowly. That said, I do understand that the majority of our food is produced this way (using weed and insect killers) and am not asking that to be changed (although I would love it). I just want to be able to choose unaltered almonds, raw milks, etc if I want.

I would appreciate your support in any ordinance that allows me freedom of choice when it comes to my own body.

Thank you so much,

Jeralynn Strong
