Hi Joanne,

Thank you for your comments on the Ordinance. I've copied our Clerk of the Board for distribution to all Supervisors and to post to the public record.

I look forward to working with you on suggestions for future edits to the Ordinance.

**Lori Parlin**

El Dorado County District IV Supervisor

Hi Lori, as per our telecon today, I wish to object to the implementation of section 08.09. 090. This is under the inspection clause of 5101. This contradicts our constitutional rights under Ammendment number 4. Please respect personal and private property rights. Unfortunately this undercuts those rights. It's like "big brother" once again. On February 20th, the meeting at the Cool hall, you heard complaints about enforcement officials being able to come onto personal properties, without notice, and comments were that someone could get shot because of that. We all value our personal property, homes, and right to privacy. It's unfortunate that this new County ordinance doesn't respect our rights. This ordinance needs to be revised to reflect our concerns. Even though you think you may be trying to help people, this goes about it the wrong way. Thank you for taking my, and others, concerns to heart, in order to get this revised to reflect our constitutional rights and freedoms. Please forward to all of the Board of Supervisors my concern and objection. Thank you for your time, Joanne Thornton
