Re: State Mandated Surcharge to the Aboveground Petroleum Storage Act (APSA)

To Whom it May Concern:

In June 2014, the California Environmental Protection Agency (CalEPA) initiated a new annual surcharge of twenty-six dollars (\$26.00) for any facility registered under the Aboveground Petroleum Storage Act (APSA) with the Certified Unified Program Agency (CUPA). This applies to all facilities with aboveground storage containers, which store petroleum, and that have a total capacity of 1,320 gallons or more.

The El Dorado County Community Development Agency, Environmental Management Division, serving as the CUPA for El Dorado County, will be responsible for collection and transmittal of the surcharge funds to the State of California.

Please be advised that effective October 1, 2014, all annual invoices for Hazardous Materials programs will include the additional annual surcharge of \$26.00.

Should you have any questions, please feel free to contact me at 530-621-XXXX. Thank you.

Sincerely,

Name
