Why do you seek appointment?

I feel I have a broad life experience in both the private and public sector that could easily translate over to my duties on the board. I understand the complications that veterans face in balancing out their lives between family, work and other social obligations. I feel more needs to be communicated to the veterans in the county to make them aware of programs and benefits for them.

Additional Information

I have a Bachelor of Science degree in Criminal Justice from CSU Hayward with a minor in psychology. As a deputy I have learned how to deal with people in all sorts situations and this have giving me very good interpersonal communication skills. I understand the need to be honest and forthright with people and try to gain their trust.

If known, indicate the member of the Board of Supervisors who will receive a copy of this application
