April 13, 2010 Child Care Resource and Referral Day in El Dorado County**

Whereas, the Board of Supervisors for the County of El Dorado wishes to recognize the California Child Care Resource & Referral Network as it celebrates 30 years of dedication to children and families; and,

Whereas, the California Child Care Resource & Referral Network, founded in 1980, has become a trusted expert in the complex field of child care and to the child care community, this county, to legislators throughout the state, and to national policymakers working directly with Choices for Children to expand the supply and increase the quality of child care, to provide solid data and support for policies that impact families here and throughout the state; and,

Whereas, the California Child Care Resource & Referral Network plays a key role in some of the state’s most important legislation impacting families and continues to bring the voices of parents and providers to policies and legislation on behalf of quality care in El Dorado County and across the state; and,

Whereas, resource and referral is a critical component of community building, family economic security, and education — and an integral part of the work of Choices for Children as it strives to support families, child care providers, and the broad community; and,
