Dear Board of Directors,

I would like to formally state my support for the Henningsen/Lotus Road Class I Multi-Use Trail Project. I attended the last town hall meeting where the plan was discussed and many local residents were able to join. From my observation there was a lot of support. This project would not only bring connectivity to our beautiful state park, town, and county park but it would create a safe way for pedestrians of all kinds to enjoy what a small community has to offer.

I myself frequent the state park (Marshall gold), HLP and its playgrounds, and businesses. I am a mother to a toddler who also enjoys riding his bike in between all of those places. I also own a business on Lotus Road. Already, there are pedestrians that use the road and it is terrifying to watch how fast people speed by with little regard to speed limits or others using the road.

There are so many young families, local residents, and tourists that would benefit from this multi use trail. Reading the previous comments or opposition seems to have been solved via responses from the project so I am hopeful this can move forward sooner than later. Thank you for your time in reading this letter.

Sincerely,

Veronica Boyd

Hello:

I live in Coloma and am writing in support of the plan to create a safe trail from Lotus to Coloma. It would be a welcome addition to recreational life here, and provide a way for people to loop back from either life on the river or from the Gam San Trail.

Thank you for your consideration.

Sincerely,
Cynthia Flewelling
