Supervisor Ron Mikulaco, Supervisor and Clerk of the Board:

I will be out of town on business and unable to attend the Board of Supervisors meeting to discuss Saratoga Estates. I am very disappointed that the El Dorado Planning Commission approved this project and wish to make sure my disappointment is heard.

One of the reasons El Dorado County is so desirable is for its open spaces. The proposed 300+ units within an area already bordered by high density housing in Sacramento County and El Dorado County would be lost opportunity to have some balance to our neighborhoods. The additional traffic along Wilson, Saratoga and Iron Point will be unbearable as these roads already not able to accommodate the current traffic levels. The link between Iron Point and Saratoga will not add relief, but only bring more traffic cutting through to avoid the back ups on HWY 50, East Bidwell St and El Dorado Hills Blvd/Latrobe.

Please reconsider the project and the overall impact it will have on an area already filled with high density housing and traffic problems. Open spaces help balance some of that chaos, increase home values and keep El Dorado County and El Dorado Hills one of the most desirable, exclusive areas to live. Over developing will only strip away what makes this area unique and create another Roseville.

Sincerely,

Alisa Arkebauer
