**REGARDING: Committees for General Plan and for Housing**

The Taxpayers Association wishes to recommend that the county create a committee to deal with the existing General Plan's enormous and costly issues that are now and will continue to be involved in its implementation.

Second, the Association recommends that a separate committee is needed to deal with non-General Plan issues concerning affordable housing.

In both cases, the Association suggests that these be committees, not commissions that are structured to include a balanced and broad representation of county interests, as was the previous "Tim Fee Committee".
