Subject: Comment on Sign Ordinance Update, File #13-0086

Dear Board of Supervisors,

El Dorado County is known for its natural beauty. That is what brings people here to live and to visit. Do not update our Sign Ordinance to bring urban signage to El Dorado County. Stand up for the quality of life that we enjoy and do not approve digital signs in the Sign Ordinance. Stand up for our scenic viewsheds and do not approve 60' tall signs along Highway 50.

Tell staff that they should listen to public requests for clarification of proposed policies. Creating a simple matrix to clarify the differences between the existing ordinance and the proposed ordinance could have alleviated much of the public's confusion and concerns about transparency of the process.

Keep El Dorado County rural.

Thank you
