11. Why do you seek appointment? I have been made aware that the current state of this board is counterproductive to the efficient and financially judicious operation of the Happy Homestead Cemetery. I believe the District Manager in place has experience and strengths that are being ignored to the detriment of good, solid, practical and financially responsible practices

Additional Information: Give any information explaining your qualifications, experience, training, education, volunteer activities, community organization memberships, or personal interests that bear on your application for above Board, Commission, or Committee. Attach additional sheets as necessary. I have worked in government all of my life. I understand the necessity of working together to build and reach a consensus in order to accomplish an imperative. I have an open mind as long as it is not overburdened by the superfluous and petty. I am honest. I am thrifty without being cheap. I believe in government...it's the governors I don't trust.
