Re: Happy New Year and.....Here we go again

This Tuesday, the El Dorado County Board of Sups will consider selling the revenue stream from the annual tobacco settlement of approx \$1.7 million per year. The county's Chief Administrative Office recommends using the \$37 million to fund capital facilities, with only 10% earmarked for health facilities. I know you remember that grass roots petition that the Health Alliance started and the overwhelming opinion of the voters of EDC to use it, as originally intended, for health issues. Rather than go to an election, the Board of Sups [with new members] recognized the demands of the voters and agreed with the Initiative. We did not vote for the monies to be spent on a new animal shelter. Please tell me you are fighting this consideration on Tuesday.
