

Request for Proposals

El Dorado County Air Quality Management District

FY 17/18 & FY 18/19 School Bus Replacement & Repower Projects

AB923 & Carl Moyer Funding

Introduction:

This Request for Proposal (RFP), released by the El Dorado County Air Quality Management District (AQMD), is for public school bus replacement projects in FY17/18 (July 1, 2017 through June 30, 2018), and FY18/19 (July 1, 2018 through June 30, 2019). Project proposals must be from public school districts (DISTRICTs). Successful applications will be funded by AB 923 DMV Surcharge Fees or Carl Moyer Memorial Air Quality Standards Attainment Program Funds.

The program goal is to identify eligible 1993 and older engine year public school buses (except two-strokes which have no limit) and replace those that provide the most cost effective air pollutant emission reductions. The program will also fund the repower of school buses ten years old or newer.

Background:

El Dorado County does not meet the National Ambient Air Quality Standards (NAAQS) for ozone and PM2.5. Reactive organic gases (ROG) and nitrogen oxides (NOx) are precursors that react in sunlight to form ozone. NOx also contributes to the formation of secondary PM2.5. Replacement of old school buses with new more efficient models reduces emissions of these pollutants and children’s exposure to toxic diesel exhaust.

The California Air Resources Board (ARB) adopted the in-use Truck and Bus Regulation in December 2008 which included requirements to retrofit or replace diesel-fueled school buses. School districts’ yellow fleets were required to be 100% compliant with the Truck & Bus Regulation by January 1, 2014.

3. The obligations set forth in this Article I shall survive any termination of this Agreement.

In the event of any conflict between or among the terms and conditions of this Agreement, the Project Proposal incorporated herein, and the documents referred to and incorporated herein, such conflict shall be resolved by giving precedence in the following order of priority:

1. The text of this Agreement;
2. The California Air Resources Board (ARB) 2008 Lower-Emission School Bus Program (LESBP) Guidelines, issued April 15, 2008 including all applicable updates, amendments and clarifications found in the Advisory Mail outs and all collectively referred to as the "LESBP Guidelines" throughout this Agreement;

No work may begin on the Project until this Agreement is fully executed.

District shall ensure the existing school bus, which is being replaced, is dismantled within six (6) months of the receipt of the new, replacement bus, in accordance with the definition of "dismantle" set forth in 2008 LESBP Guidelines, Appendix A. In accordance with Appendix E of the LESBP Guidelines, District shall obtain, retain and send to AQMD required documentation of the dismantling and disposal of the replaced bus. If the funding identified above does not cover the total cost of the Project as outlined in the Project Proposal, District shall obtain through other sources sufficient additional monies to fund the total cost of the Project. Proof of such additional monies in the form required by AQMD shall be submitted to AQMD for approval prior to starting any work under this Agreement. In the event funding from other sources for the total cost of the Project is not received by District, AQMD reserves the right to terminate or renegotiate this Agreement in its sole discretion.
2. The total obligation of the AQMD under this Agreement Shall Not Exceed _____ Dollars and 00/100 (\$_____) inclusive of all applicable sales taxes and use taxes.
3. In no event shall funding under this Agreement exceed the applicable funding cap set forth in the LESBP Guidelines.

- C. The amount to be paid to District under this Agreement is applicable only to the base cost of the replacement school bus and eligible optional equipment, including all sales and use taxes.
- D. In no event shall reimbursement paid by the AQMD to District for the eligible Project expenses pursuant to this Agreement exceed the amount set forth in ARTICLE III, Reimbursement / Funding Cap.

Surplus Funds: Any funding under this Agreement, which is not expended by District or subject to reimbursement to District pursuant to the terms and conditions of this Agreement shall automatically revert to the AQMD. Only expenditures incurred by District in the direct performance of this Agreement will be reimbursed by the AQMD. Allowable expenditures under this Agreement are specifically established and included in Exhibit A.

ARTICLE VII, Independent District/Liability, shall survive any termination of this Agreement.

ARTICLE VIII

2. A failure to comply with any term of this Agreement;
3. A substantially incorrect or incomplete report is submitted to the AQMD;
4. A failure to submit documentation detailing disposition of the replacement school bus, in compliance with the 2008 LESBP Guidelines, within 60 days of accepting delivery of the new school bus; or
5. Improperly performed services.

In no event shall any payment by the AQMD constitute a waiver by the AQMD of any breach of this Agreement or any default, which may then exist on the part of District. Neither shall such payment impair or prejudice any remedy available to the AQMD with respect to the breach or default. District shall promptly refund to the AQMD, upon demand, any funds disbursed to District under this Agreement which in the judgment of the AQMD were not expended in accordance with the

terms of this Agreement. This obligation of District to refund monies shall survive any termination of the Agreement.

In addition to immediate suspension or termination, AQMD may impose any other remedies available at law, in equity, or otherwise specified in this Agreement.

Either party may terminate this Agreement without cause at any time upon giving the other party thirty (30) days advance, written notice of termination. In such case, the AQMD shall, pursuant to the requirements of Section 3, pay it's pro rata share of the reasonable value of all services satisfactorily rendered and actual, reasonable costs incurred up to the time of the termination. Upon such termination, the entire work product produced by District shall be promptly delivered to the AQMD. However, District acknowledges and agrees that its obligations under ARTICLE I, Project/Project Milestones, survive any termination of this Agreement.

ARTICLE XI

ARTICLE XIII

Audits, Inspections and Enforcement: District shall maintain and retain all required documentation and records pertaining to the Project listed in 2008 LESBP Guidelines (Appendix E, Section B). District shall retain the documentation for activities performed under this Agreement for

at least two years from the termination of District's obligations under this Agreement or until all state and federal audits are completed for the applicable fiscal year, whichever is later.

The AQMD, ARB, the California Department of Finance (DoF), or their designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of the Agreement – this includes programmatic and fiscal records and documentation. The AQMD and ARB, as an intended third party beneficiary, have the right to audit and enforce the terms of the Agreement at any time during the Agreement term plus two years. District shall maintain such records for possible audit for a minimum of the Agreement term plus two years. District shall allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records for a minimum of the Agreement term plus two years. Further, District agrees to include a similar right of AQMD and the State to audit records and interview staff in any subcontract related to performance of the Agreement. The AQMD, ARB, or their designated representative shall have the right to inspect the Project equipment during the entire term of the Agreement plus two years as long as it is still in use after the Agreement term. If, after audit, AQMD, ARB or DoF make a determination that funds provided to District pursuant to this Agreement were not spent in conformance with this Agreement, the 2008 LESBP Guidelines or any other applicable provisions of law, District agrees to immediately reimburse AQMD all funds determined to have been expended not in conformance with said provisions.

District acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code §8546.7. In order to facilitate these potential examinations and audits, District shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records and documentation necessary to demonstrate performance under the Agreement.

The obligations set forth in this section shall survive any termination of this Agreement.

ARTICLE XIV

Time is of the Essence and Liquidated Damages: It is understood that time is of the essence for the purchase of new school buses to replace older, higher-polluting buses. The parties reasonably anticipate that DISTRICT will, to the reasonable satisfaction of the AQMD, complete all activities provided herein within the time schedule outlined in Exhibit A to this Agreement. Failure to timely deliver the new school buses will result in harm to AQMD, District, schoolchildren, and air quality in El Dorado County. Further, every day in which deliver of a new school bus has been delayed may result in additional costs to AQMD and District to rent or lease an equivalent bus or otherwise mitigate the damages from the delay; such costs are definite but unquantifiable at the time of execution of this Agreement. Therefore, the parties acknowledge and agree to pay liquidated damages for failure to timely deliver the new school buses, as specified below:

For every day after the deadline specified in Exhibit A to this Agreement in which a bus has not delivered as specified in this Agreement, AQMD shall reduce the grant payment by \$100 per day per bus purchased with AB 923 funds.

Contracts/purchase orders between District and school bus distributors/vendors shall include a similar liquidated damages clause in which school bus distributor/vendor shall be liable to the school

district for liquidated damages in the amount of \$100 per day per bus purchased with AB 923 funds for each day a bus is delivered after the deadline specified in Exhibit A.

ARTICLE XV

Compliance With Applicable Laws: District will comply, for the full term of this Agreement, with all federal, State, and local laws and ordinances which are or may be applicable to the Project to be undertaken by District including but not limited to the 2008 LESBP Guidelines, criteria, and program requirements, California Health and Safety Code sections 44220 et seq, all ARB and AQMD criteria there under, prevailing wage requirements and work day definitions where applicable, Government Code Section 8546.7, contracting license requirements and permits.

ARTICLE XVI

CHP Safety Inspection: District agrees to have a CHP safety certification inspection [per Title 13, CCR section 1272(c)] after purchase of the new replacement bus and prior to the bus's return to service.

Upon satisfactory completion of the CHP safety certification inspection, District must obtain a copy of a Safety Compliance Report/Terminal Record Update (CHP 343), or a copy of a Vehicle/Equipment Inspection Report Motor Carrier Safety Operations form (CHP 343A).

ARTICLE XVII

Maintenance: District shall operate and maintain the replacement bus according to the manufacturer's warranty specifications for as long as District owns and operates each replacement bus.

ARTICLE XVIII

Fuel Additives: District agrees fuel additives are not allowed to be used unless specifically identified as allowable in the specific engine Executive Order.

ARTICLE XIX

California Forum and Law: Any dispute resolution action arising out of this Agreement, including but not limited to litigation, mediation, or arbitration, shall be brought in El Dorado County, California, and shall be resolved in accordance with the laws of the State of California.

ARTICLE XX

Business License: County's Business License Ordinance provides that it is unlawful for any person to furnish supplies or services, or transact any kind of business in the unincorporated territory of El Dorado County without possessing a County business license unless exempt under County Ordinance Code Section 5.08.070.
