Community In Action

A Brief History

- Anyone familiar with the history of Joe's Skate Park understands the ups and downs the park has gone through since it's opening. Ten years ago in 2003 Joe's Skate Park opened with a lot of community support and excitement. However due to unforeseen circumstances the park and the skateboard community suffered. There were several negative incidents that continued to happen over the years. These incidents eventually led to the park's closure. As unfortunate as this was it turned out to be a blessing in disguise. The closure of Joe's led to an awakening of the most important component of the park.

Skateboarders

Responsibility

- Take Charge (we needed to help ourselves)
- We could not do it alone but we needed to lead the way
- Organize (We learned how the system works and utilized it)
- Plan (Come up with a plan and put it to work)
- Integrity (Mean what we say and stand behind it)

Cooperation

- Community Partners
- Friends Of The Skate Park
- Eldorado County Youth Commission
- Eldorado County Fair
- Eldorado County Board of Supervisors

Through cooperation everyone achieves more
