Dear Wanda,

We are so pleased to be able to partner with you in providing the best health care possible for our community. Congratulations on receiving one of this year's Community Health Grants made possible through The Endowment for Health at Marshall Foundation.

Your proposal was well written and your program was deemed of great value in providing services to community residents. We know these are challenging times, however, through community collaboration we will continue to make available quality services that herald our community as one of the best for health care.

Our best to you in the New Year, and please let us know if we may be of further service to you in any way during 2009.

Yours in health,

Karen Good, CFRM  
Executive Director
