FEDERAL  
BOARD OF SUPERVISORS  
EL DORADO COUNTY

**REGARDING: Agenda Item # 13, Designating the Upper Truckee River "Wild and Scenic"**

The Taxpayers Association unanimously voted to oppose a resolution that would urge the U.S. Forest Service to designate the Upper Truckee River "Wild and Scenic" in the National Wild and Scenic Rivers System.

Further, in support of this position, the El Dorado County General Plan assumptions included the following regarding water and rivers:

*5. Water Supply*

- A. An adequate supply of water will be available to serve the County's current population.*
- B. Additional water supplies will be developed to support the projected growth.*
- C. Lack of water availability may change the period of time over which this Plan remains valid.*
- D. The designation of the American or Cosumnes Rivers as "Wild and Scenic" or drainage basins as "National Recreation Areas" would be incompatible with the County's water storage objectives.*
