Tom,

Thank you for getting back to me so soon. You are correct in your interpretation of the Ordinance. I will be providing this information to the Board Members for their January Board appointments.

Thanks again for your help.

Cindy

In my reading of the County Ordinance concerning the Parks and Recreation Commission I have interpreted to say that the Commission Members are appointed by the Board of Supervisors Member for each Supervisorial District and there is no approval by the Commission. If that is correct than you would need to make sure that Supervisors Santiago and Briggs are planning on reappointing Steve and Jenifer to the commission. Based on my observance at Commission meetings I do not believe that any of the Commission members would object to them being re-appointed.

Hope this helps should you have any questions give me a call.
