

## LATE DISTRIBUTION 5-20-14

May 19, 2014

Board of Supervisors  
County of El Dorado

RE: Closed Session Items 40 and 41

Dear Board Members,

I was notified today that you have an item on the Closed Session Agenda for May 20, 2014 regarding the legal issues resulting from the jury verdict regarding Supervisor Nutting.

I understand that this is a very difficult time for the County of El Dorado but I believe that the citizens of the County are trying to understand all of the issues that have been brought to light over the last few months concerning their elected officials and the fact that their Board of Supervisors may not have protected the citizens best interests nor protected County employees who have faced bullying and harassment from elected officials. As you all know, this is very confusing for the citizens.

Currently you face the decision to bring new questions to the public which in their eyes were already answered in the Superior Court by a jury. You each have the ability to put this to rest and show the citizens of the County that you stand behind the jury's decision. This potentially will create great confusion to the citizens and cost the County a vast amount of money.

Please keep the citizens of the whole County not just those in your district in your mind while you deliberate over these two items and make the best decision for them.

Sincerely,

Suzanne Allen de Sanchez

Please do not contribute to the waste of public funds to further persecute Supervisor Nutting. Don't yield to the pressure to further denigrate the already hobbled image of our County. The jury has spoken and those righteous men and women should be honored. There was no smoking gun and in the end Supervisor Nutting did no actionable wrong. Take care Board members least you find yourself in his shoes.

Tomorrow May 20 please put the Nutting situation on the open forum. A lot of folks voted for him and now we stand the chance of being stripped of our supervisor. Thank you, LINDA Colombo

It is quite obvious that Ray is the victim of a smear campaign by Harn and Pierson. We have had enough of the Good Ol' Boy politics in this county. Please do no more harm.

"The DA's Office previously announced that

no matter the outcome  
for the trial, they would  
seek a civil case to  
remove Nutting from  
office; civil liability is  
easier to prove than  
criminal."

Quote from May 16, 2014 Mountain Democrat

Just in case that doesn't work the BOARD OF SUPERVISORS are seeking to remove Ray Nutting from office through a closed door meeting, kind of like a private lynching rather than a public lynching where the public actually can see what is going on!

Good evening! This is follow-up to my telephone message to each of you May 19, 2014 at approximately 4:30 p.m. My husband Jerry Leal and I both are opposed to the removal of Supervisor Nutting from the Board. He was elected by the public and we believe he should continue to serve out his term, and fulfill his responsibilities to the very best of his abilities. He was not convicted of a felony but a misdemeanor. I get the by-line that as elected officials one is held to higher standard, but who amongst many a politician has not made a mistake? He has also done a very good job in many instances, so are you willing to discount all of that?. If the President of the United States can lie to the court, and disgrace the oval office, and not be removed from the office, then surely Supervisor Nutting should not be held to a higher standard than the President of the United States, and dismissed by the Board of Supervisors.

I do hope that you will reject Pierson's request to remove Supervisor Ray Nutting from the Board of Supervisors and let the court sort things out.

If Ray Nutting gets gets kicked off the board for a misdemeanor violation, it will be open season on the rest of the board for their misdemeanor violations including traffic tickets. Don't be stupid. Don't drink what Pearson and Harn are drinking!
