RE: Public Comment
For Permanent Housing

Dear MHSA Project Management:

I wish to take this opportunity to respond favorably in support of the plan for permanent housing as part of the Mental Health Services Act. Proposition 63 is suppose to ensure that such funding is available for this very critical need for the community.

Simply put, the community has consistently identified housing for the mentally ill as a priority, however it has been overlooked for decades. With specific funds being identified for special needs and intent, this should no longer be the case.

Thank you for the opportunity to respond in favor of those unable to speak for themselves.

Sincerely,

MELBA J. LEAL ~
