4. **PROJECT DESCRIPTION:** (In approximately 100 words, summarize the proposed project plan covering the objectives, method of procedure, evaluation and end product.)
 The main goal/objective of the Las Decisiones Seguras program is to identify Latino youth between the ages 12-18 years in the South Lake Tahoe region of El Dorado County at-risk of binge drinking and provide them early intervention and education. The program targets high risk adolescents who would not typically receive similar prevention programs, in this case Hispanic/Latino youth. The culturally sensitive intervention, Sembrando Salud curriculum, is designed to provide children with the information and skills to make healthy decisions regarding alcohol use. A community wide social marketing campaign and training in early signs and symptom recognition of binge drinking will generate referrals to the program. As a result, binge drinking among this population will decrease from one of the highest rates among youth to one of the lowest.

5. **FEDERAL FUNDS ALLOCATED UNDER THIS AGREEMENT SHALL NOT EXCEED \$ 1,098,566**

BUDGET ESTIMATE AND JUSTIFICATION NARRATIVE

Budget Justification Narrative

The SDFSC grant will fund a full time Health Education Coordinator position (1.0 FTE) and a full-time Health Program Specialist position (1.0 FTE). FTE totals include employer paid PERS, Employer paid Medicare, Employer paid health at the current employee selected rate, Employer paid Unemployment Insurance, Employer paid Disability Insurance, and bilingual certification. Travel, computer, and prevention education and awareness materials will also make up part of the total direct costs. Indirect costs include administrative costs such as fiscal oversight, document processing, overhead, and rent.

Personnel: Health Education Coordinator (\$92,749 - \$95,068/yr). Variance is due to proposed Cost of Living Adjustment in year three of grant term for county employees. This is a 1.0 FTE position. This person is responsible for coordinating the Las Decisiones Seguras program. The coordinator will be bilingual and their duties will include program design, implementation, and evaluation. The majority of the delivery of program services to participants will be carried out by this position.

Personnel: Health Program Specialist (\$65,924 - \$76,315/yr). Variance is due to proposed Cost of Living Adjustment in year three of grant term for county employees. This is a 1.0 FTE position. The program specialist's duties include program support, event coordinating, community liaison, data entry, and some delivery of program services to participants.

Travel: (\$2,250/yr). Travel will be necessary for personnel to visit partnering community agencies, schools, and other county departments in support of the program. In addition, South Lake Tahoe is isolated from the hub of El Dorado County, Placerville, by the Sierra Mountains. As a result, some travel will be necessary for meetings with the Alcohol and Drug Programs

Division in Placerville. Travel also includes costs for the grantor requirement of attending biannual training at the State Alcohol and Drug Program in Sacramento. Additionally, local travel is requested for two additional employees for mileage only to attend additional relevant training by the State ADP and CARS.

Direct: (\$25,250/yr1 and \$8,905 - \$14,750/yr thereafter). These direct costs are to cover one time cost in year 1 for a personal computer (PC) (\$1,500) and the purchase of a software program (\$9,000) for a screening tool that is specifically targeting high-risk use of Latino youth between the ages of 12-18. Additionally, the cost of the consumable curriculum is approximately \$35/student with servicing 50 youths per year in the program for a total cost of \$1,750/yr. \$1,000/yr for the costs of reproducing and/or purchasing prevention education pamphlets and T-shirts in English and Spanish that specifically targets the population group being served for the program. Participation support cost which includes \$3,600 for food costs, \$6,000 for child-care costs, and \$2,400 for bus passes. Participation support costs will help support the participants and their families during the 8 weeks Sembrando Salud (SS) course program and during special events and activities.

Indirect: (\$14,894-\$14,318). Variance is due to proposed Cost of Living Adjustment in year three of grant term for county employees. Indirect costs include administrative costs such as fiscal oversight, document processing, overhead, and rent.

Contractual Services: (\$22,573 -\$21,639). Contractual services required for the evaluator position. The scope of work will include developing tools, data collection, data analysis, and making recommendations for program improvement. The evaluator selection will be based upon the competitive process and in accordance to the El Dorado County Purchase Ordinance.

Identified Problem or Need	CONTRIBUTING FACTORS
<p>Hispanic youth are substantially more likely to report binge drinking than either white or black youth.</p> <p>According to one 2004 study of young people in 5 Southwestern states, Mexican American seventh-12th graders are significantly more likely to be binge drinkers than their white peers (Swaim, Wayman, Chen, 2004).</p> <p>Young people who begin drinking before the age of 15 are four times more likely to become alcohol dependent than those who wait until they are 21, seven times more likely to be in a motor vehicle crash because of drinking, and at least 10 times more likely to be in a physical fight after drinking (Grant, Dawson, 1997).</p> <p>It is estimated that 30-32% of Hispanic teens binge drink or have experienced binge drinking in the last 30 days, (California Youth Risk Behavior Survey, 1999). The focus of this proposal has a total student population identifying as Hispanic or Latino/Latina of 476. Creating an at-risk population of 142-152.</p>	<p>1. Acculturation: Hispanic drinking patterns are related to degree of acculturation</p> <p>2. Family norms: May affect the identification of heavy drinking and the recognition of alcohol abuse as a health problem.</p> <p>3. Targeted alcohol advertising Hispanics are now the fastest growing ethnic group in the USA. In 2003 and 2004, 10 alcohol brands spent close to \$160 million to advertise on Spanish language television. In 2004, Hispanic youth heard 272% more radio advertising per capita for Beck's Beer than did non-Hispanic youth, as well as 194% more for Coors and 78% more for Budweiser.</p>

I Grant Project Agreement Exhibits

- A. This Grant Project Agreement (Agreement) between the Department of Alcohol and Drug Programs (State) and the county named in the Notice of Grant Agreement attached hereto (Grantee) consists of the Notice of Grant Agreement (ADP 100169); the approved application, which includes, but is not limited to the Project Budget, the Budget Justification, and the Work Plan; Assurance and Certifications; Terms and Conditions; and the Request for Application and the Grantee's response, which is incorporated by reference. If there is any conflict between provisions in the various documents, the Terms and Conditions will control over other incorporated documents, e.g., the request for application or the application,
- B. This grant is governed by the No Child Left Behind Act of 2001(NCLB), implementing regulations, and the most recent information available from the U.S. Department of Education (USDOE). The State reserves the right to amend the terms and conditions of this grant program based on future clarification by the USDOE.
- C. The Grantee will follow the program goals and objectives, tasks and time frames as agreed upon through its application, which are incorporated by reference.
- D. This Agreement is of no force or effect until signed by both parties. Grantee may not commence performance until such approval has been obtained.

II Grant Term and Authority

- A. The term of this Agreement is shown on page one of the Notice of Grant Agreement. However, this Agreement will be valid and enforceable for subsequent years past the first year of the Agreement only if sufficient funds are made available to the State by the United States Government for the purposes of the program, and the Grantee satisfactorily complies with all requirements of the Agreement.
- B. The source of funds is Safe and Drug Free Schools and Communities Act (SDFSC), (20 USC §7111 et seq.) The federal funds identified in this Agreement are time limited. In order for the Grantee to receive payment from the federal funds identified in this Agreement, the Grantee must expend funds in the timeframes identified in the project budget estimate and submit financial claims and progress reports within the timeframes specified in this Agreement . Failure to submit Grant Award Quarterly Claim Form (ADP 100170), and reports within the specified timeframes will result in such claims not being paid if the time for which such funds are available has expired.
- C. The Agreement will be subject to any additional restrictions, limitations, or conditions enacted by Congress or conditions that may affect the provision, terms, or funding of

the Agreement in any manner. If funds are not appropriated for this program, the Agreement will be terminated and have no further force and effect.

- D. It is mutually understood between the parties that this Agreement was written for the mutual benefit of both parties before ascertaining the availability of congressional appropriation of funds, to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.
- E. The parties mutually agree that if the Congress does not appropriate sufficient funds for the program, the State has the option to void the Agreement or to amend the Agreement to reflect any reduction in funds.

III Use of Funds

- A. Grantee is legally and financially responsible for all aspects of this grant, including subawards.
- B. Grant funds provided cannot be used for construction, or to provide medical services, drug treatment, or rehabilitation.
- C. Grant funds may not be used for religious worship, instruction, proselytization, or for equipment and supplies to be used for any of these activities.
- D. Grant funds must be used to supplement the level of state, local, and other non-Federal funds and not to replace funds that would have been available to conduct activities if SDFSC funds had not been available.
- E. Grantee or subawardees who apply or bid for an award of \$100,000 or more shall file the required anti-lobbying certification. Each tier certifies to the tier above it that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of an agency or any officer, employee or member of Congress in connection with the awarding, modifying, renewing or extending of any federal contract, grant, loan, cooperative agreement, or any other award covered by 31 USC 1352. It is further agreed that any pending or proposed request for other federal grant funds that would duplicate or overlap work under this project will be revised to exclude any such duplication of grant fund expenditures. It is understood that any such duplication of federal fund expenditures subsequently determined by audit will be subject to recovery.

IV Program Implementation

Grantee must implement the program or be substantively involved in the grant program. Substantive involvement means "the primary project activities for which grant support is provided and/or a significant portion of the activities to be conducted under the grant." In no instance may the Grantee act solely as a pass-through entity for SDFSC funding.

V Program and Agreement Revisions

- A. Both Grantee and the State must agree in order to revise the project. Grantee shall contact the PSD County Analyst before making any changes to the budget, goals, objectives, or design of the project plan to determine if changes 1) can be made without written approval of the State, 2) require written approval of the State, or 3) require a formal grant revision. Changes requiring written approval will not be valid unless such approval is given. Changes requiring a formal grant revision shall not be valid unless made in writing, signed by the parties, and approved as required. Project modifications made prior to obtaining written approval as required are subject to denial from the PSD County Analyst, and may result in denial of payment for all charges related to the modification(s) made.
- B. The proposed revisions that affect the program budget shall include a revised Budget Estimate and Budget Justification, and a statement of the reason and basis for the proposed change.
- C. In the event of changes in law that affect provisions of this Agreement, the parties agree to revise the affected provisions to conform to the changes in law retroactive to the effective date of such changes in law. The parties further agree that the terms of this Agreement are severable and in the event of changes in law as described above, the unaffected provisions and obligations of this Agreement will remain in full force and effect.

- E. Claims will be submitted by the PSD County Analyst to the Alcohol and Drug Programs Accounting Section for payment only after the Analyst has reviewed and approved the quarterly/annual progress report for the billing period covered by the claim.
- F. The State may withhold or disallow grant payments, reduce or terminate grant funds, and/or deny future grant funding anytime a Grantee fails to comply with any term or condition of the Agreement or program guidelines. The Grantee agrees to pass down to subawardees all applicable federal and state requirements. The Grantee agrees to be as fully responsible to the State for the acts and omissions of its subawardees and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the Grantee. The Grantee's obligation to pay its subawardees is an independent obligation from the State's obligation to make payments to the Grantee. These records may be inspected and copied at any time during normal business hours. Unannounced visits may be made at the discretion of the State. Employees who might reasonably have information related to such records may be interviewed. Further, Grantee agrees to include a similar right of access to records of the State and authorized federal agencies and representatives, in any subawards related to performance of this Agreement.
- B. If this Agreement is terminated for convenience or for cause, the records will be retained by the State, or by the Grantee upon approval of a written plan submitted by the Grantee that assures appropriate retention periods as specified in 34 CFR 80.42, and assures access by the State or authorized federal agencies and representatives as stated in clause X.A.
