Subject Letter from Mr. Volker re OWMP

Hi,

I got a copy of Steve's letter this afternoon and after reviewing it went back and read our letter to the Board on our suggestion to offer Option B within the discretionary conditions. I can see why he was concerned as our wording did not make it clear that Option B could only be utilized if the OWMP was first approved. I left a voice message for him that explained what we were trying to accomplish and made it clear that we in no way intended to offer Option B without first having the OWMP approved. Please forward this to the BOS if you want them to see this prior to the meeting tomorrow.

tx,

-larry
