The provision of SMHS will consist of a well-defined planning and service delivery methodology, with the following services included as key components of the program.
2. Contractor shall provide Day Rehabilitation services as defined in Title 9, California Code of Regulations (CCR) Rehabilitative and Developmental Services, Sections 1810.213 and 1810.212;

Contractor shall work with County responsively and cooperatively to finalize the Cost Report.
3. It is agreed between County and Contractor that the provisional rates stated in this Agreement are intended to approximate the Contractor's actual costs. Should the actual rate as determined in the Cost Report for the Fiscal Period be less than the provisional rate, Contractor agrees to reimburse County for all amounts paid in excess of the actual rate. Reimbursement shall be remitted to County no later than December 31 following the Fiscal Period. Based upon written approval by the HHS Director, this reimbursement may be made via monthly installment payments for up to six (6) months. The County may inspect the facilities, systems, books, and records of the Contractor to monitor compliance with this Agreement. Upon notification of an exception or finding, the Contractor shall submit a written CAP, including a proposed timeline for correction of said finding or exception, within thirty (30) days. The County will review and approve or revise the proposed CAP, and, if necessary, provide technical assistance to bring the vendor into compliance.
2. Continued non-compliance beyond the targeted dates in the CAP may lead to termination of this Agreement in accordance with the Article titled, "Default, Termination, and Cancellation." Failure to comply with required corrective action could lead to civil penalties, as appropriate, pursuant to California Code of Regulations, Title 9, Sections 1810.380 and 1810.385.
 - a. The fact that the County inspects, or fails to inspect, or has the right to inspect, the Contractor's facilities, systems and procedures does not relieve the Contractor of its responsibilities to comply with this Agreement. The County failure to notify the Contractor or require the Contractor's remediation of any unsatisfactory practice does not constitute acceptance of such practices or a waiver of the County enforcement rights under this Agreement.
3. The Contractor shall maintain and make available to auditors at all levels, county, state, and federal, if applicable, accounting and program records including supporting source documentation, and cooperate with all auditors.
4. The Contractor, or auditors performing monitoring or audits of the Contractor, or its sub-contracting service providers shall immediately report to the County any incidents of fraud, abuse or other criminal activity in relation to this Agreement.

Failure of Contractor to timely submit the data and/or certifications required by the section titled “Enforcement of Child Support Obligations,” or to comply with all federal and state reporting requirements for child support enforcement or to comply with all lawfully served Wage and Earnings Assignment Orders and Notices of Assignment, shall constitute a material breach of this Agreement. Failure to cure such breach within sixty (60) calendar days of notice from County shall constitute grounds for termination of this Agreement.
 - e. It is expressly understood that this data will be transmitted to governmental agencies charged with the establishment and enforcement of child support orders, or as permitted by federal and/or state statute.

It is further agreed that in all matters pertaining to this Agreement, Contractor shall act as Contractor only to County and shall not act as Contractor to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Contractor's responsibilities to County during term hereof.

ARTICLE VII

Assignment and Delegation: Contractor is engaged by County for its unique qualifications and skills as well as those of its personnel. Contractor shall not subcontract, delegate or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

Contractor shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees.

Such notice shall become effective upon the adoption of a final budget which does not provide funding for this Agreement. Upon the

effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

OUTPATIENT SPECIALTY MENTAL HEALTH SERVICES PROTOCOLS

Health and Human Services Agency

Mental Health Division

Updates will be distributed as needed with the effective date of the update notated in the footer.

NEW REQUESTS FOR SERVICES

All new requests for Specialty Mental Health services are to be referred to El Dorado County Mental Health Division (MHD). For non-CPS clients, the parent or legal guardian is to phone and request mental health services:

Western Slope Region (530) 621-6324 South Lake Tahoe Region (530) 573-7970

Medi-Cal eligibility will be confirmed by the County, and a triage assessment will be conducted by a County mental health clinician.

The purpose of the triage assessment is to establish medical necessity (eligibility) for Specialty Mental Health Services and to establish the foundation upon which a Treatment Plan can be built. Note: for families in which the parent/guardian is requesting services for multiple siblings, the County clinician will determine which minor(s) meets medical necessity, and open a treatment episode to that minor(s). It is expected that the provider address broader family dysfunction with family therapy interventions.

If medical necessity is established, a referral packet will be faxed to a contracted provider identified by the MHP. The referral packet will contain the following documentation:

1. Admission and CSI Data Sheet
2. Assessment
3. Diagnosis Sheet
4. CALOCUS
5. Authorization of 180 minutes of Plan Development (391)

In response to receipt of the referral packet the provider is to follow timeliness requirements specified in the Agreement for Services.

Documentation in the chart is to record all attempts at outreach to the family, and the outcome of each attempt.

No services, even Plan Development, can be billed until the client and appropriately licensed provider staff have signed a "consent for treatment". All activities preceding the signed "consent for treatment" are to be documented in the chart and **NOT** invoiced to the County. [Note: it is fraudulent to back-date a "consent for treatment"]

Treatment Plan

At first contact, the clinician is to begin treatment planning with the family. Up to 180 minutes (3 hours) has been pre-authorized by the County. During this time, the clinician is also to complete a CANS. If the Treatment Plan and CANS are completed and signed by the parent/guardian in less than the 180 minutes, the actual number of minutes utilized shall be claimed. If the Treatment Plan and CANS are completed and signed by the parent/guardian in more than 180 minutes, only a maximum of 180 minutes can be claimed.

The Treatment Plan shall address the mental health needs of the beneficiary as identified in the current assessment; identify the goals and objectives; identify the interventions to achieve stated goals and objectives; be based upon the beneficiary’s response to the interventions; and be updated when there are significant changes in the beneficiary’s condition.

- Goals must be specific, observable, and/or specifically quantifiable, related to the Client’s mental health needs, and related to the Client’s functional impairments as a result of the mental health diagnosis.
- Interventions must propose the type(s) of intervention/modality; provide a description of the intervention, propose the frequency and duration of interventions; be focused on and address the identified functional impairments related to the mental health condition; and be consistent with the Treatment Plan goals and objectives. Interventions must be designed to reduce mental disability; restore, improve or maintain functioning; be consistent with the goals of learning, development, independent living and enhanced self-sufficiency; and must meet medical necessity.
- There shall be documentation in the Treatment Plan that a copy of the Treatment Plan was offered to the Client.
- There shall be documentation of the Client’s participation in the development of and agreement with the Treatment Plan as a progress note within the Client’s medical record.
- The Treatment Plan shall be signed by the parent/guardian, or Client over 18-21 years of age, and Contractor, and submitted to MHD within thirty (30) days of the Initial Authorization. Treatment Plans must be signed by the appropriately licensed, registered or waived staff who have the authority to do so within their scope of practice.

Fax a copy of the signed Treatment Plan and CANS to the MHD using the attached fax cover sheet.

County Mental Health will review the Treatment Plan and CANS, then authorize the appropriate array of Specialty Mental Health Services. The provider is responsible for tracking the minutes of services provided against the Target Unit Volumes identified in the Agreement for Services and verifying the total minutes of services provided when multiplied by the Provisional Unit Rate do not exceed the Maximum Payment Amount. The MHD has developed the Target Unit Volumes utilizing the recommended number of service minutes based upon the Treatment Plan and CALOCUS score as follows:

Traditional Specialty Mental Health Services Recommended Service Minutes

CALOCUS Level	Score	Description	Minutes per 6 months
1	10 – 13	Recovery Maintenance & Health Management	300
2	14 – 16	Outpatient Services	900
3	17 – 19	Intensive Outpatient Services	1,800
4	20 – 22	Intensive Outpatient Services	1,800
5	23 – 27	Intensive Outpatient Services	1,800

Youth and Family Full Service Partnership and Enhanced Foster Care Services Recommended Service Minutes

CALOCUS Level	Score	Description	Minutes per 6 months
4	20 – 22	Integrated Community-Based Services – Generally those enrolled in the Youth and Family Full Service Partnership program	3,600
5	23 – 27	Intensively Integrated Community-Based Services – Generally those enrolled in the Enhanced Foster Care Services	4,500

The full array of Specialty Mental Health Services includes:

301	Case Management (e.g., consultation with a teacher, or probation officer regarding how to improve minor's progress toward Treatment Plan goal)
311	Collateral (this code is to be billed when collaborating with the parent/guardian, the minor may or may not be present)
321	Family Therapy (this code is to be billed when the minor is present in the session). Pursuant to DHCS direction from 8/6/15, the billable time for this service is to be determined based upon the group therapy formula, which is: $(\# \text{ of minutes} \times \# \text{ of staff}) \div (\# \text{ of clients present}) = \# \text{ of minutes claimed}$ <ul style="list-style-type: none"> the “# of clients” is the number of children with an open outpatient SMHS case being served during the Family Therapy via an authorization from the MHD (although a child in the family may have Medi-Cal, they cannot be considered a “client” unless they have an open SMHS case and the provider has a current authorization for services from the MHD.
341	Individual Therapy
347	Rehabilitation Services
351	Group Therapy
361	Medication Support Services (this code is used by MD, DO, FNP, PA, PT, or LVN only)
391	Plan Development (this code is used toward the end of the 6-months of authorized services, to complete a re-assessment, CANS and Treatment Plan, if the clinician will be requesting re-authorization of additional services)

A full description of these service codes can be found in Attachment A.

If the Treatment Plan is out of compliance, it will be faxed back to the provider with documentation of needed changes. At the discretion of the MHD, authorization of Specialty Mental Health Services may be held until the Treatment Plan is corrected.

RE-AUTHORIZATION FOR CONTINUED SERVICES

At least two weeks prior to the expiration of the six-months of authorized services, a chart can be presented to the County requesting re-authorization of continued services. In conjunction with the re-authorization process, the County will conduct an audit of the chart to confirm compliance with medical necessity, Treatment Planning, and progress note documentation. See Attachment B: “Authorization/Audit Protocol”.

Prior to submitting the request for reauthorization to the MHD, a supervising clinician must confirm that the request for reauthorization is clinically indicated and that a copy of the completed and signed Treatment Plan is in the client's chart. The Provider must also confirm that the documentation complies with Medi-Cal documentation requirements.

If the six-months of authorized services have expired prior to the chart being submitted for re-authorization, all un-authorized services should be documented in the chart and **NOT** invoiced to the

County. Continuity of care mandates that clinically necessary services continue to be provided while the lapse in authorization is addressed by the provider.

The provider is responsible for tracking the minutes of services provided against the Target Unit Volumes identified in the Agreement for Services and verifying the total minutes of services provided when multiplied by the Provisional Unit Rate do not exceed the Maximum Payment Amount.

REQUEST TO MOVE CLIENT TO HIGHER/LOWER LEVEL OF SERVICE PROGRAM

In the event that the provider believes a higher/lower level of service program is needed either within the six-month period or at the time of re-authorization, the provider is to complete a new CALOCUS sheet, CANS, and memo explaining why the change is needed, and fax these documents to the MHD using the attached fax cover sheet. The County makes the final determination to authorize a higher/lower level of service.

NOTIFICATION OF INABILITY TO CONTINUE TO PROVIDE SPECIALTY MENTAL HEALTH SERVICES

The El Dorado County Children's System of Care is designed to retain clients in services with the same provider when their clinical needs are subject to an increase or a decrease in service intensity for SMHS. By allowing this flexibility within the program, children, youth and their families are able to retain their relationship with their service provider and are not required to transfer to another outpatient program as their needs fluctuate or change.

In the event a provider is no longer able to provide the Specialty Mental Health Services necessary to address a client's treatment goals, the provider shall immediately notify the MHD via fax with the following information:

1. Child/youth's name
2. Admit date
3. Total minutes of services provided to the child/youth since admit
4. Reason the provider is no longer able to provide the necessary Specialty Mental Health Services

The MHD will review the request and make the final determination to re-assign the child/youth to a different provider.

NOTIFICATION OF INABILITY TO CONTINUE TO PROVIDE MEDICATION SERVICES

Providers are to provide all psychiatry and medication support services for their clients.

In the event a provider is no longer able to provide psychiatry and medication support services, the provider shall immediately notify the MHD via fax with the following information for each child impacted by this service change:

1. Child/youth's name
2. Admit date
3. Date when next psychiatric appointment is needed
4. Reason the provider is no longer able to provide psychiatry and medication support services

The MHD will review the notification and proceed per the terms of the Agreement for Service.

ADMINISTRATION OF THE CANS AND CALOCUS

Providers are to conduct the CANS and CALOCUS for each client and provide the documentation to the MHD at the following intervals:

Interval	CALOCUS	CANS
Within the first 180 minutes authorized for Plan Development for new clients	Completed by the MHD prior to referral	Yes
Every 90 Days	No	Yes
Every 180 Days in conjunction with the request for re-authorization of services	Yes	Yes
Upon significant change in placement, services, or minor's overall functioning	Yes	Yes
At discharge of services	Yes	Yes

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows:

1. Definitions. Unless otherwise provided in this Business Associate Agreement, capitalized terms shall have the same meanings as set forth in the Privacy Rule, as may be amended from time to time.

2. Scope of Use and Disclosure by BA of County Disclosed PHI
 - A. BA shall not disclose PHI except for the purposes of performing BA's obligations under the Underlying Agreement. Further, BA shall not use PHI in any manner that would constitute a violation of the minimum necessary policies and procedures of the County, Privacy Rule, Security Rule, or the HITECH Act.
 - B. Unless otherwise limited herein, in addition to any other uses and/or disclosures permitted or authorized by this Business Associate Agreement or required by law, BA may:
 - (1) Use the PHI in its possession for its proper management and administration and to fulfill any legal obligations.
 - (2) disclose the PHI in its possession to a third party for the purpose of BA's proper management and administration or to fulfill any legal responsibilities of BA, or as required by law
 - (3) Disclose PHI as necessary for BA's operations only if:
 - (a) Prior to making a disclosure to a third party, BA will obtain written assurances from such third party including:
 - (i) To hold such PHI in confidence and use or further disclose it only for the purpose of which BA disclosed it to the third party, or as required by law; and,
 - (ii) The third party will immediately notify BA of any breaches of confidentiality of PHI to extent it has obtained knowledge of such breach.
 - (4) Aggregate the PHI and/or aggregate the PHI with that of other data for the purpose of providing County with data analyses related to the Underlying Agreement, or any other purpose, financial or otherwise, as requested by County.
 - (5) Not disclose PHI disclosed to BA by County not authorized by the Underlying Agreement or this Business Associate Agreement without patient authorization or de-identification of the PHI as authorized in writing by County.
 - (6) De-identify any and all PHI of County received by BA under this Business Associate Agreement provided that the de-identification conforms to the requirements of the Privacy Rule, 45 CFR and does not preclude timely payment and/or claims processing and receipt.
 - C. BA agrees that it will neither use nor disclose PHI it receives from County, or from another business associate of County, except as permitted or required by this Business Associate Agreement, or as required by law, or as otherwise permitted by law.
3. Obligations of BA. In connection with its use of PHI disclosed by County to BA, BA agrees to:
 - A. Implement appropriate administrative, technical, and physical safeguards as are necessary to prevent use or disclosure of PHI other than as permitted by the Agreement that reasonably and appropriately protects the confidentiality, integrity, and availability of the PHI in accordance with 45 CFR 164.308,164.310,164.312, and 164.504(e)(2). BA shall comply with the policies, procedures, and documentation requirements of the HIPAA Security Rule.

BA shall take prompt corrective action to cure any such deficiencies and any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
 - C. Report to County in writing of any access, use, or disclosure of PHI not permitted by the Underlying Agreement and this Business Associate Agreement, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than five (5) days. To the extent the Breach is solely a result of BA's failure to implement reasonable and appropriate safeguards as required by law, and not due in whole or part to the acts or omissions of the County, BA may be required to reimburse the County for notifications required under 45 CFR 164.404 and CFR 164.406.
 - D. BA shall not use or disclose PHI for fundraising or marketing purposes. BA shall not disclose PHI to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates. BA shall not directly or indirectly receive remuneration in exchange of PHI, except with the prior written consent of the County and as permitted by the HITECH Act, 42 USC Section 17935(d)(2); however, this prohibition shall not affect payment by County to BA for services provided pursuant to the Agreement.
4. PHI Access, Amendment, and Disclosure Accounting. BA agrees to:
- A. Provide access, at the request of County, within five (5) days, to PHI in a Designated Record Set, to the County, or to an Individual as directed by the County. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable County to fulfill its obligations under the HITECH Act, including, but not limited to, 42 USC Section 17935(e).
 - B. Within ten (10) days of receipt of a request from County, incorporate any amendments or corrections to the PHI in accordance with the Privacy Rule in the event that the PHI in BA's possession constitutes a Designated Record Set.
 - C. To assist the County in meeting its disclosure accounting under HIPAA:
 - (1) BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosure from Electronic Health Record for treatment, payment, or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At the minimum, the information collected shall include: (i) the date of disclosure; (ii) the name of the entity or person who received PHI and, if known, the address of the entity or person; (iii) a brief description of PHI disclosed and; (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy

of the individual's authorization, or a copy of the written request for disclosure.

- (2) Within in 30 days of notice by the County, BA agrees to provide to County information collected in accordance with this section to permit the County to respond to a request by an Individual for an accounting of disclosures of PHI.

D. Make available to the County, or to the Secretary of Health and Human Services (the "Secretary") , BA's internal practices, books and records relating to the use of and disclosure of PHI for purposes of determining BA's compliance with the Privacy Rule, subject to any applicable legal restrictions. BA shall provide County a copy of any PHI that BA provides to the Secretary concurrently with providing such information to the Secretary.

5. Obligations of County.

- A. County agrees that it will promptly notify BA in writing of any restrictions on the use and disclosure of PHI agreed to by County that may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.
- B. County agrees that it will promptly notify BA in writing of any changes in, or revocation of, permission by any Individual to use or disclose PHI, if such changes or revocation may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.
- C. County agrees that it will promptly notify BA in writing of any known limitation(s) in its notice of privacy practices to the extent that such limitation may affect BA's use of disclosure of PHI.
- D. County shall not request BA to use or disclose PHI in any manner that would not be permissible under the Privacy Rule if done by County, except as may be expressly permitted by the Privacy Rule.
- E. County will obtain any authorizations necessary for the use or disclosure of PHI, so that BA can perform its obligations under this Business Associate Agreement and/or the Underlying Agreement.

6. Term and Termination.

- A. Term. This Business Associate Agreement shall commence upon the Effective Date and terminate upon the termination of the Underlying Agreement, as provided therein when all PHI provided by the County to BA, or created or received by BA on behalf of the County, is destroyed or returned to the County, or, or if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions in this Section.
- B. Termination for Cause. Upon the County's knowledge of a material breach by the BA, the County shall either:
 - (1) Provide an opportunity for the BA to cure the breach or end the violation and terminate this Agreement if the BA does not cure the breach or end the violation within the time specified by the County.
 - (2) Immediately terminate this Agreement if the BA has breached a material term of this Agreement and cure is not possible; or
 - (3) If neither termination nor cures are feasible, the County shall report the violation to the Secretary.

- C. Effect of Termination.
 - (1) Except as provided in paragraph (2) of this section, upon termination of this Agreement, for any reason, the BA shall, at the option of County, return or destroy all PHI that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such PHI.
 - (2) In the event that the County determines that returning or destroying the PHI is infeasible, BA shall provide to the County notification of the conditions that make return or destruction infeasible, and BA shall extend the protections of this Agreement to such PHI to those purposes that make the return or destruction infeasible, for so long as the BA maintains such PHI. If County elects destruction of the PHI, BA shall certify in writing to County that such PHI has been destroyed.

7. Indemnity

- A. BA shall indemnify and hold harmless all Agencies, Districts, Special Districts and Departments of the County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives (collectively "County") from any liability whatsoever, based or asserted upon any services of BA, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to BA's performance under this Business Associate Agreement, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever including fines, penalties or any other costs and resulting from any reason whatsoever to the extent arising from the performance of BA, its officers, agents, employees, subcontractors, agents or representatives under this Business Associate Agreement. BA shall defend, at its sole expense, all costs and fees including but not limited to attorney fees, cost of investigation, defense and settlements or awards against the County in any claim or action based upon such alleged acts or omissions.
- B. With respect to any action or claim subject to indemnification herein by BA, BA shall, at its sole cost, have the right to use counsel of its choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes BA's indemnification of County as set forth herein. BA's obligation to defend, indemnify and hold harmless County shall be subject to County having given BA written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at BA's expense, for the defense or settlement thereof. BA's obligation hereunder shall be satisfied when BA has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Business Associate Agreement shall in no way limit or circumscribe BA's obligations to indemnify and hold harmless the County herein from third party claims arising from the issues of this Business Associate Agreement.

- D. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code Section 2782. Such interpretation shall not relieve the BA from indemnifying the County to the fullest extent allowed by law.
 - E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Business Associate Agreement, this indemnification shall only apply to the subject issues included within this Business Associate Agreement.
8. Amendment. The parties agree to take such action as is necessary to amend this Business Associate Agreement from time to time as is necessary for County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
 9. Survival. The respective rights and obligations of this Business Associate Agreement shall survive the termination or expiration of this Business Associate Agreement.
 10. Regulatory References. A reference in this Business Associate Agreement to a section in the Privacy Rule means the section as in effect or as amended.
 11. Conflicts. Any ambiguity in this Business Associate Agreement and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
