Dear Supervisors:

It has come to our attention that you will, again, be deciding on the future of El Dorado County's scenic rail corridor.

This has been an important part of local history for almost 150 years and should be preserved for future generations to use and enjoy. This distinctive railroad will be developed into a prime destination for rail enthusiasts worldwide.

Gentlemen, you must do your part to keep the Placerville, Sacramento Valley Raid Road alive and well for the years to come.

Sincerely,

CARL F. CURTIS
3547 MONTERO RD.
