Subject: Marijuana grower

Dear Supervisors:

I am a resident of El Dorado County living in SunRidge Meadows. Our property is right next to the proposed marijuana growers off of South Shingle. I wanted to write you regarding my opposition to this proposed grow. It is way too close to school bus stops and where children are involved. This of course is my greatest concern, however, it would also affect property values and cause there to be water difficulties. We have already had to dig a second well. For these reasons, I urge you to deny this use permit.

Thank you,
Pam Bouldin
