Subject Proposition 90 - transfer of property assessments

Dear El Dorado County Board of Supervisors,

I am hopeful that you will support the transfer of property assessments, which is apparently on the agenda for your meeting tomorrow morning. I am a Sacramento County resident, and have explored the various counties to which my husband and I might transfer our 1978 property assessment. We would be interested in moving to El Dorado County were the transfer of our property assessment permitted. We will be retiring before long, and it would be great to stay in this region. The other counties that permit the property assessment transfers, (i.e., Alameda, Los Angeles, Orange, San Diego, San Mateo, Santa Clara, and Ventura) are distant from our families, and we would much prefer to stay in this vicinity.

As a retired couple, we would bring economic stability and vitality to your county. We have worked hard for decades, and we would love to have the choice of retirement communities in which to live. Though we have many friends and family in nearby counties, such as Yolo and Placer, we are not able to transfer our property assessment to those counties, and have thus taken them off of our list of potential retirement communities.

Thank you for your consideration in this matter.

Sincerely,

Linda McCrackin

Subject Propositions 90 and 110

Dear Members of the El Dorado County Board of Supervisors:

I read in today's Sacramento Bee that the board will be discussing Propositions 90 and 110. I'd like to add my voice to those urging passage of an ordinance enabling both propositions. Without these propositions, the reassessment in property tax faced by retirees and others with an interest in relocating to El Dorado County is a daunting obstacle.

Sincerely, Maryann Zapotocky
